Eisenhower Gets To Nazis' Rear

GEN. EISENHOWER'S ADVANCED COMMAND POST (AP)—Gen. Eisenhower returned to his headquarters in England today after a five-day visit to the Allied troops on the Normandy battlefields.

Besides conferences with Gen. Montgomery, Lt. Gen. Bradley and other field officers, Gen. Eisenhower made two trips behind enemy lines.

The first, by road, took him past an enemy pocket of resistance during the new U.S. drive on the western side of the Cherbourg peninsula. The second, by air, was made in a plane flown by Maj. Gen. Elwood Quesada, head of the U.S. 9th Airforce fighter command, who led a fighter sweep behind German lines with the Allied commander as passenger.

Fire Traps 50 In Ohio Coal Mine

BELLAIRE, O. (AP)—Approximately 50 men were trapped by a fire in the Powhatan mine at Powhatan point, about 12 miles south of here, Superintendent Roy Fox reported this afternoon.

Stalin Announces Molodeczno Taken

LONDON (CP)—Marshal Stalin announced tonight the capture by Red Army troops of Molodeczno, 40 miles northwest of Minsk.

Stalin's special broadcast order of the day said tanks, cavalry and infantry had seized the important enemy stronghold in old Poland covering the road to Wilno and Riga.

80,000 Murdered By Nazis in Minsk

LONDON (CP)—Reuters said tonight in a dispatch from Moscow that 80,000 persons were executed by the Germans in the Russian city of Minsk.

In many White Russian villages, the dispatch said, there are few children to be seen between the ages of eight and 15. They mostly have been taken by the Germans to be drained of their blood for German army troops, said Reuters.

\$81,050 Contract

OTTAWA (CP)—The public Works Department announced today it had awarded 17 contracts for projects in various parts of Canada during June, including: Pumping machinery for first graving dock at Esquimalt, B.C.—commonwealth Construction Co. Ltd., Vancouver, \$81,050.

Russ Land Troops Behind Finn Lines

STOCKHOLM (AP)—Russian troops have begun a large-scale landing operation on the northern shore of Viipuri Bay in southern Finland in an apparent attempt to establish a bridgehead behind Finnish lines, the Finnish communists said today.

Red Army troops began landing from many boats early Tuesday, the Finnish high command said, supported by coastal batteries firing from the southern shore and by smoke screen.

The town of Viipuri at the head of the bay was captured recently by Russian troops.

The Finnish bulletin also reported landings on islands in the Bay of Narva, and claimed the Soviets had been thrown back into the sea on two of them.

Landings are continuing with violent fighting the bulletin added.

Turkey to Adopt Its Quintuplets

ANKARA (AP)—Quintuplet boys, all in good health, were born at Mardin, near the border of Turkey, Iraq and Syria. Premier Saracoglu will order them brought to Ankara to be reared under government supervision, thus helping a "Bear More Children for Turkey" campaign.

Word of last Sunday's multiple births already had reached the outside world Tuesday through the Ankara radio, though the name of the town was not given.

Coldwell Broadcast

VANCOUVER—Coast-to-coast Trans-Canada network broadcast of C.C.F. national leader, M. J. Coldwell, M.P., will be from 7:30 to 8 o'clock this evening, Canadian Broadcasting officials announced here.

Canadians Hold Carpiquet Russians Race Toward Latvia, Lithuania

Navy Minister Presents Prizes to Young Officers

Canada's minister of national defence for naval services today wished 46 young naval officers, just starting their careers, god-speed, good hunting, smooth seas and blue skies throughout their lives, as he officiated at a graduation ceremony at Canadian Naval College at Royal Roads.

The colorful event attracted hundreds of people from all across Canada, who came to see the youthful sailors leave their studies after two years and prepare to help fight the war at sea.

Most colorful part of the ceremony was the passing-out of cadets. On the parade ground those graduating marched slowly through the ranks of the junior cadets, handing over their lanyards to the juniors, and returning without this badge of the cadet, and showing they are ready to take their places at sea.

A gymnastic display and tea on the tiled terrace looking across the Straits to the Olympics, were on this afternoon's program, the naval band playing on the lawn.

This evening will be a buffet supper for out-of-town guests at the former Dunsinane home, followed by a formal ball on the quarterdeck, attended by more than 1,000 persons.

Among the distinguished guests attending the ceremonies with the minister and Mrs. Macdonald, are: Rear-Admiral Victor Brodeur, chief naval officer on this coast, and Mrs. Brodeur; Maj. Gen. G. R. Pearkes, V.C., G.O.C.-in-Chief Pacific Command, and Mrs. Pearkes; Surgeon-Capt. C. H. Best, director of medical research for the navy, who is here with Mrs. Best, from Ottawa, and Surgeon-Capt. A. G. LaRoche, senior navy medical officer on this coast, and Mrs. LaRoche.

Welcoming the guests were Capt. J. M. Grant, commanding officer of the college, and Capt. P. B. German, naval officer-in-charge at Esquimalt.

PRIZES

Prizes were won as follows: Department of National Defence officer-of-the-watch telescope, for highest place in passing-out examinations, John Gilmour Ireland; Westmount, Que. Department of National Defence officer-of-the-watch telescope for highest standing among those entering the R.C.N. and combining officer-like qualities with academic standing, Donald Patrick Nash, Ottawa.

H. E. Sellers, officer-of-the-watch telescope, to the cadet who has served as chief cadet captain, John Richmond Chipman, Toronto.

Nixon Memorial Sword of Honor, to cadet with the highest officer-like qualities, Robert Wood, Victoria.

First class certificates were won by Ireland, Howard, Heaton, Jellett, Sanford, Nash, Joy, Harrison, Frank, Davidson, Leighton, Stairs, Niven, Hertzberg, Marcus and Ney.

New cadet captains, for the

coming year, as announced today, will be: W. A. Tetley, Montreal, chief cadet captain; G. S. Hilliard, Consort, Alta.; R. Carle, Victoria; D. Common, Montreal; P. Sampson, Montreal. They have been promoted to their new rank as from today.

GRADUATES' LIST

Following are the island graduates:

Victoria—John Stanley Gill, Duncan Munro McLaurin, Duncan Stewart McNichol, also of Edinburgh; Michael F. J. A. Ney, also of Winnipeg; Herbert Rowley, Robert Wood, also of Devon, Kent, Eng., and Charlottetown, P.E.I.

Duncan—Alexander Edward Fox and Charles Edmund Musgrave Leighton.

Other graduates are: Henry Dunkin—Bancroft, Montreal; Waite Brooks, Vancouver and Toronto; Arthur Keith Cameron, Shaunavon, Sask., and Charlotte; John Alan Cavenagh, Vancouver; John Richard Chipman, Toronto; Alan Marchant Cockram, Calgary; Jacques Paul Cote, Quebec City; David Anislie Crump, Regina; Ian Jocelyn Davidson, Toronto; John Frederick Frank, Peterborough; Donald K. Gambin, Saint John; Donald Christopher Harrison, Toronto; Frederick Graham Henshaw, Comox, Que.; Peter Bailey Heaton, Toronto; John Sumner, Hertzberg, Toronto.

George Maxwell Hobart, London, Ont.; John F. Howard, Toronto; John Gilmour Ireland, Montreal; Robert Wilkie Irwin, Swift Current; John David Jellett, Montreal and London, Eng.; Henry Donovan Joy, Toronto; Stanley MacKenzie King, Halifax; Charles Beverley Koester, Regina; Arthur Murdoch Leacock, Calgary; Robert Griffiths Leckey, Toronto; Robert Cowie MacLean, St. Boniface, Man.; Ian Alexander MacPherson, Halifax; Charles Robin Manfield, North Vancouver and Calgary; Daniel Leonard Marcus, Halifax; Donald Patrick Nash, Ottawa; Richard Knox Niven, Toronto; Frederick Arthur Sanford, Portage la Prairie; Donald Sabiston, Toronto; Colin H. P. Shaw, Toronto and London, Eng.; Neville Smith, Winnipeg; Robert Stairs, Montreal; Edgar Alfred Wiggs, Quebec City, and James Lyle Wightman, Toronto.

(See Page 11 for list of guests.)

Both Frontiers May Fall Within Next Few Days

By EDDY GILMORE
MOSCOW (AP)—Two huge Russian armies advanced rapidly today on the Baltic republics at Latvia and Lithuania at a pace that may carry one or both to the frontiers within three or four days.

The Germans appear wholly unable to halt these pushes, field dispatches said.

Beating back disorganized German resistance, Gen. Ivan Bagration's 1st Baltic Army pressed up the valley of the western Dvina toward Daugavpils (Dvinsk), key rail junction in southeastern Latvia, while to the south Gen. Ivan Cherniakhovsky's 3rd White Russian Army made fast progress toward Vilna (Vilnius), in the Soviet Lithuanian Republic, and Kaunas, capital of Lithuania.

The Berlin radio acknowledged that "the Soviet advance is sweeping so fast a considerable number of German forces suddenly found themselves in the rear of the Soviet lines."

10 MILES FROM LATVIA

By London estimates the advancing Red Army troops were within 10 miles of the Latvian border and 15 or 17 miles from Lithuania.

Nazis Give Signs Of Determination To Defend Livorno

By NOLAND NORGAARD
ROME (AP)—British 8th Army troops, converging from the southwest and south, have driven within five miles of the important communications centre of Arezzo on the road to Florence, while U.S. units on Italy's west coast have moved up to the outskirts of Rosignano, less than 13 miles airline from Livorno (Leghorn). Allied headquarters announced today.

The Nazis gave indication they intended to battle to retain the port of Livorno as long as possible. By road the advanced troops were only 15 miles from Livorno, but an official spokesman said only a slow advance could be expected.

French troops moved up more than three miles north of Siena. Seven miles to the east 8th Army units captured the town of Castellina di Stabia and the villages of Palazzuolo and Monte Sansavino astride the Siena-Arezzo highway.

In the drive on Arezzo the 8th Army also occupied Castiglione and Fiorentino.

LAST SIGN OF NAZISM GOES—Allied troops lose no time in stripping Cherbourg of all signs of Nazism. Here one soldier removes a sign in front of German "Todt" headquarters, with the help of several Frenchmen who are more than willing to perform the pleasant task. (Signal Corps Radioteletype).

Hart to Form Commission to Administer B.C.E.R.; Take Suggestions to July 19

Premier John Hart said today the government will proceed with formation of a commission to administer affairs of the B.C. Electric Railway Co. in municipalities and unorganized districts of B.C. He was commenting on a Vancouver dispatch which said approval of the government's plan to take over and operate the B.C. Electric was granted at a meeting Tuesday of an intermunicipal committee, headed by Mayor J. W. Cornett of Vancouver.

The special committee went on record as being in favor of the province taking over and operating through an independent commission the whole of the affiliated companies of the B.C.E.R. with participation by the municipalities.

The Premier said today: "I notice, according to the press reports issued by Mayor J. W. Cornett that the cities and municipalities have decided not to enter into the scheme of B.C. Electric purchase. In view of this decision the government will proceed with the idea of a commission to administer the affairs of the B.C. Electric within the municipalities, as well as in the unorganized districts. The original policy of the government was based on the understanding that the cities and municipalities were desirous of owning and controlling the services within their own boundaries."

GOVERNMENT NAMES DIRECTORS

Mayor Cornett, in a statement today, said under the proposal to take over the B.C.E.R. as a public utility, company directors would be retired in favor of provincial government nominees, as was done by the Quebec government in the case of Montreal Light, Heat and Power Company. He said this is the "lock, stock

and barrel" method of achieving public ownership. Each of 30 B.C. municipalities will be asked to make formal endorsement, or submit possible amendments or suggestions to the scheme before July 19, so that the combined opinion may be presented to Premier Hart in time for him to prepare the necessary legislation for the Legislature's next session.

In likening Premier Hart's proposal to the Quebec course of action, Mayor Cornett said that this "direct and positive" policy "will result in more power and cheaper power in this province years before the same results could be achieved if the municipalities—big and little, metropolitan and rural—had to come to an agreement first among themselves and then with the government, upon a plan to finance and carry on this great enterprise."

He also said that municipalities had been warned explicitly that if they participated in utility management by taking over distribution of power and transportation within their own boundaries the government would insist that the services be supplied at cost. This would prevent municipalities from making profits toward the relief of property taxes, as has been done in many Canadian cities.

Mayor Cornett disclosed that Premier Hart is considering the names of several far-famed experts for appointment to the independent commission, free of politics, which he intends to appoint to supersede the B.C.E.R. board of directors.

Mayor Cornett said the Quebec method, "where the government merely stepped in and replaced the directors with its own nominees," enabled the service to be carried on without interruption.

'For Our Boys Overseas'

Among today's subscriptions to the Scottish Comforts Fund was a \$2 donation from an elderly woman at the Aged Women's Home, 857 McClure Street.

"Enclosed please find \$2 for comforts for our brave boys overseas," she writes. "I wish it were many more. I send it with my prayers. These boys have made me so proud to be Canadian."

Prime Minister Curtin of Australia voiced the need of home frontiers to support their soldiers in battle during a speech to the House of Commons at Ottawa. "Heavy burdens have been laid on the people at home by reason of war," he said. "But none are comparable to the burdens imposed on fighting men, wherever they are. Our first duty is to

keep the fighting men supplied with all their needs."

Every cent subscribed to the Scottish Comforts Fund goes to buy cigarettes and other necessities for the boys of Victoria's regiment, the 1st Battalion, Canadian Scottish, at war in Normandy.

Today's subscriptions follow: Ethel M. Todd \$20.00, James D. Munro 10.00, Anon. 2.00, Northwestern Creamery Ltd. 25.00, Northwestern Creamery Employees' Association 15.00, E. Dwyer, Cumberland 5.00. Previously reported \$1,255.36.

Subscriptions should be sent to Kay McIntyre, Times' editorial, who is acting as secretary-treasurer.

Throw Back 4 Counterattacks; British Advance

By ROSS MUNRO
WITH THE CANADIANS IN FRANCE (CP)—Canadians in the shell-shattered village of Carpiquet have thrown back four German counterattacks and a Canadian general said "the position is being maintained and improved."

He added: "The troops are showing grim determination under heavy fire and there has been savage fighting."

MOBILE GUNS USED

Canadian and British artillery regiments massed around Carpiquet are shooting up every gun and mortar position they can spot, but the enemy is using some mobile guns and mortars and after firing a few salvos jumps to another position.

From 3 a.m. to 9 a.m. Wednesday German infantry and tanks made four attacks against Carpiquet. At one time about a dozen Nazi tanks infiltrated into the village, but they were cleared out after running into intense fire from anti-tank guns and Vickers machine guns.

One counterattack by the enemy was made from the north-east and in the darkness tanks rumbled in followed by German infantry "shouting their heads off," according to a Saskatoon lieutenant-colonel.

The colonel said there appeared to be a mass of German infantry from the information he had, but the attack was broken up by an eastern Canada regiment firing from trenches and dug-in gun positions along the fringe of Carpiquet, the buildings of which now are mere rubble heaps.

Railway Station At Du Puits Taken

WITH U.S. FORCES IN FRANCE (AP)—U.S. troops entered La Haye du Puits today.

The railway station, about 300 yards from the heart of town, was captured a few minutes after 9 a.m., after a force sweeping on the town from the north-west had beaten off an infantry counterattack supported by tanks. The Germans threw in Mark IV and Tiger tanks, the first time Tiger tanks have been used in this U.S. sector.

On the British front around Caen there was heavy fighting between Baron and Esquay as Marshal Rommel sought to break into the British lines.

Esquay is 7½ miles southwest of Caen and south of the Caen-Aunay-sur-Odon road. Baron is about one mile north of Esquay and 7½ miles from Caen, north of this road.

38 PLACES LIBERATED

During the first month of the campaign, the Allies liberated more than 38 cities, towns and villages of Normandy, Supreme headquarters said.

The British advance which captured Verdon, two miles south of Carpiquet and four miles southwest of Caen, encountered only light opposition.

At Carpiquet, the German have tanks dug in on a ridge overlooking the airfield. These tanks swept the field with fire and even rocket-firing Typhoons failed to dislodge them. Digging tanks in to the turret is a device the Germans used with considerable success in Russia and at Cassino in Italy during the past winter.

Battle Dress Parade Tonight

More than 600 members of Victoria's Reserve Army, in five units, with bands, will march in battle order and steel helmets through downtown streets in this evening's annual summer muster parade.

It-Col. F. B. H. Stephenson, O.C., the 3rd Battalion, Canadian Scottish, who will command the parade, announced details as follows: 8:10 p.m. start from Bay Street Armouries. Route—Bay Street to Government, to Belleville and north on Douglas to Armouries. Reviewing base in front of the Empress Hotel, where salute will be taken at 8:30 by Maj. Gen. F. H. Phelan, D.S.O., M.C., director-general of the Reserve Army. Units in parade—3rd Battalion, Canadian Scottish; 114th Infantry, Veterans Guard of Canada; No. 1 Fortress Workshop, R.C. O.C.; 13th Field Ambulance, R.C. A.M.C.; with 11th Divisional R.C. A.S.C. attached, and 203rd A.A. Battery, R.C.A.

REAL CIGARS AND WINES FOR OUR BOYS are brought out by French villagers to celebrate the advance of the Canadians in Normandy. Troops celebrating in the picture are, left to right: Cpl. R. J. Simmons, Toronto; Cpl. R. W. Freyons, Drumheller, Alta.; Sgt. L. A. Plemman, Bowden, Alta.; Cpl. G. L. Wordsall, Toronto.

Reason U.S. Envoy Recalled From Argentina

Jingoistic Talk By War Minister Urged Preparation for Total War

By HERBERT J. SELIGMANN
WASHINGTON (ONA)—An inflammatory, jingoistic speech by Argentine War Minister Juan Peron was held by an informed source here today as at least partly responsible for the recall from Argentina of U.S. Ambassador Norman Armour.

In the speech, delivered June 10 at La Plata University and only scantily reported at the time, Col. Peron said quite bluntly that Argentina was arming totally and that the nation's entire political and social organism was geared for war.

A translation of the speech obtained here today, reveals that Col. Peron, known as the power behind the throne of the present Argentine regime, has adopted the Hitler way of thinking and is preaching preparation for war to the Argentine people.

Col. Peron divides the nations of the world into two classes, the satisfied and the unsatisfied, and includes Argentina among the former. He advocates "years of constant effort" in preparing for national defence and quotes Marshal von der Goltz, one of Germany's theorists who advocated a nation in arms and total war as early as 1883.

DIPLOMACY FOR WAR

Col. Peron adopts the Hitler idea that diplomacy should be used just as a military campaign is carried out in wartime. Of diplomacy, he says: "It has its own forces and arms and can con-

duct its battles if necessary to achieve objectives which policy dictates. If diplomacy can achieve the objective, then the task is made easier and the matter rests. But if diplomacy does not suffice to achieve the particular objective, then steps must be taken to achieve it by force."

Col. Peron says that Argentine diplomacy is backed up "by our armed forces," which must be increased "until they command the respect and consideration they deserve on this continent and throughout the world."

Col. Peron places international relations on a basis of pure force, saying all nations must prepare for war to the maximum of their power and resources. He advocates building of large munitions and arms factories and says arsenals ought to be stocked with everything needed for war. He even speaks of mobilizing the whole country and concentrating forces in probable zones of operation, and other warlike measures of defence and offence.

FOLLOW GOEBBELS

Taking a leaf from Nazi Propaganda Minister Goebbels' book, Col. Peron stresses that it is necessary to make "the coming war popular." He demands "complete social, economic and political solidarity" of the Argentine nation and he declares: "It is necessary to organize a machine capable of creating an adequate plan of propaganda and censorship. The people must maintain anti-air defence throughout the country since this is the only way to limit damage from enemy bombardments."

WAR INEVITABLE

"War," he says, "is an inevitable social phenomenon. So-called pacifist nations like ours—meaning Argentina—must prepare for war if they want peace. The national defence of the nation is an integral problem which involves all state activities. It cannot be impoverished when war is approaching, but requires long years of concentrated and constant study. It is not merely the concern of the armed forces, but all branches of government must participate as well as private institutions and all Argentinians. The problems involved are so varied and require such excellent professional knowledge that no intellect can be spared, as finally its demands contribute to the aggrandizement and the happiness of its sons."

(Col. Peron's speech fits into the pattern set on the eve of the military revolution in June, 1943, when leaflets distributed among Argentine army officers outlined a plan for Argentine domination of South America by means of alliances and armed conquests.)

Adoption of the disfranchisement would discriminate against one group of Canadian citizens purely on a basis of race, the resolution says.

Urge Votes Be Given

TORONTO (CP)—A proposed disfranchisement of Canadian citizens of the Japanese race is opposed in a resolution passed today by the executive of the board of missions of the United Church of Canada. The resolution was forwarded to Prime Minister King and Senator J. H. King, Liberal, British Columbia, government leader in the Senate.

Adoption of the disfranchisement would discriminate against one group of Canadian citizens purely on a basis of race, the resolution says.

Returned Prisoner From Reich Says Comrades Fare Well

VANCOUVER (CP)—William White, who was captured at Dieppe and who was repatriated last November, told the Canadian Prisoners of War Relatives' Association here Tuesday night not to worry about relatives held in German prison camps.

"Most of the men are in good shape," he said. "They take plenty of exercise, they have their own dances, they never worry and always manage to get enough to eat."

"Canadians particularly have a good time. They can adapt themselves to any situation and while many others might not be so happy in their environment, you can always depend upon the Canadian to make things as pleasant as possible."

PARCELS FROM HOME

The food is supplemented by Canadian Red Cross parcels and individual parcels from home. The German fare was generally soup and potatoes and ersatz coffee and tea.

"Another thing I would like to reassure you on," he said, "is the medical treatment at German hospitals."

"It was very good. The nurses were kind and compassionate. The Catholic nuns were exceptionally good to us—so good in fact that later they were removed and German girls substituted."

"But there was never any harshness. He said looting of parcels was never tolerated by the Germans. 'Parcels may have got lost or mislaid,' he admitted, 'but if any German soldier was caught looting, he was shot immediately.'"

C.C.F. M.L.A.'s Would Scatter Japanese Throughout Canada

C.C.F. members of the Legislature, in a round-table discussion at Woodsworth Hall Tuesday, said Japanese born in Canada should have the vote and full rights of citizenship, should not be allowed to return in colonies to the B.C. coast, but should immediately be settled across Canada.

Taking part were Mrs. Grace MacInnis, Grant MacNeil and James Turner, all M.L.A.'s, and Dr. Norman Black, former professor at U.B.C. Mrs. Percy Raymond was in the chair. Mr. Turner asked questions he said he had been asked by the man and woman on the street.

Mr. MacNeil, who was a member of the Security Commission charged with evacuation of Japanese from the coast, said the Dominion government had given an understanding to the Japanese that they would all be returned to the coast when the war ends. He said he did not favor this, that it would be disastrous to have a planless move back to the coast during the period of demobilization.

Mrs. MacInnis said the Japanese record of workmanship has been excellent, and crime and delinquency among Japanese exceedingly low. Regarding Japanese language schools, she said when Japanese know where they stand and are allowed to become

Merriman Round-up...

COLD COURAGE of the Royal Navy and Royal Canadian Navy minesweepers took top place in the success of the invasion, according to Frank Lowe, Canadian Press writer. The German navy apparently depended on mines to keep the invasion fleet away, not on their surface and underwater fleets. The little minesweepers chugged along at the head of the invasion fleet as coolly as on a naval review, gathering up the mines so efficiently that within a matter of hours they had neutralized the weapon on which the Germans were placing their greatest faith.

BUZZ BOMBS may annoy southern England, but not enough to overshadow a famine in beer. When the troops now in Normandy massed in the southern areas, they seemingly drank up most of the beer and new supplies haven't arrived yet.

LONDON hairdressers and milliners are busy now figuring out postwar styles. High-crowned coachman type hats are promised, or threatened, for the future. Dress designers anticipate that in a country where most of the women are in uniform or wearing mannish attire there will be an ultra feminine trend when the war ends, so they are fashioning patterns for the softer types of clothes.

GOOD INTENTIONS of the sponsors of the Welcome Wagon and their voluntary helpers are not disputed, but there are some doubts as to how returning veterans will regard a street corner caravan as a liaison between service life and the glowing promises of rehabilitation. A building on the Causeway, where men could check their baggage, telephone, write letters and secure official direction from a trained government employee on their next steps toward civilian life and rehabilitation is being advocated as a sounder and more dignified way of advising any returning troops who may find themselves at a loose end on reaching Victoria.

THOUGH some Victoria gardeners may noisily boast of producing many of the "firsts" of the year, the record of Jim Wood of Gladys Ridge, Alberta, who occasionally visits his daughter, Mrs. David Porter, in Victoria, is hard to beat. He planted potatoes April 28 and had them for dinner June 18—six weeks from seed to the table. . . . Victoria school teachers can show the way to volunteer workers when school closes. Many of them take tough jobs at the shipyards, including a principal working as a laborer. Six women teachers are now working as taxi drivers. . . . Charles Rogers, Canadian Y.M.C.A. secretary in England, thinks work British women do for the troops is taken too much for granted. Women, old and young, who have lost husbands and brothers in action, he says, turn out to Canadian "Y" centres regularly, never mentioning their grief.

NAZI admission of falling party strength and, incidentally, a complete disregard for majority rule, is contained in the German press. One paper says: "When the party purge is completed, the chaff will have been ruthlessly separated from the wheat and there will only be a few members left who endured unflinchingly." . . . Fred Grisewood, television expert in Britain, has a great ambition. "I'm going to be there," he says, "when we televise the children of Britain eating their first postwar bananas. I'm going to describe the scene when the blackout comes down." . . . John Shaw, ex-Times reporter, mentioned the other day, was in charge of an invasion barge D-Day, as he hoped. Servicemen's column tells about his ship being holed three times, but fighting through to the finish.

Allied Communique 59

SUPREME HEADQUARTERS, ALLIED EXPEDITIONARY FORCE (CP) — Communique No. 59:

The Allied advance southwards in the Continent Peninsula made further progress during the day, particularly in the vicinity of St. Remy des Landes and Blanchelande. Our troops to the west and north of La Haye du Puits are now within four miles of the town. A small gain was also made southeast of St. Jores.

In the Caen area, Allied forces were engaged in fierce fighting south of the village of Carpiquet. There was a considerable increase in air activity yesterday. The principal effort was directed by our fighter-bombers against enemy communications — road, rail and water — over a wide area extending from Nantes in the west to Cambrai in the east. Considerable damage was caused

to trains, tracks, barges, motor transport and flak towers in the Angers-Tours-Laval area.

In the immediate battle zone south of Caen, and at Lessay, on the extreme western flank, targets were attacked in direct support of our ground forces. There was a series of encounters with enemy fighters during these operations and a number were destroyed. Our losses were small.

Last night the railways at Villeneuve St. Georges and Orleans were attacked by heavy bombers, 14 of which are missing. Light bombers also attacked successfully enemy reinforcements, particularly in the western battle sector. They also hit targets south of Paris.

Coastal aircraft attacked enemy shipping off Brittany during the afternoon and in the Channel last night.

foreigners, but that in B.C. people are mostly British stock and do not lose their heads. "What is a foreigner?—where was Mr. Anson born?" she asked, and a man in the audience shouted "England."

"We welcome people to this country, no matter where they were born, but we do not welcome them if they come here and try to make trouble among we native-born Canadians, no matter of what racial origin," Mrs. MacInnis said. "We in the C.C.F. lay down the principle that anyone born in Canada, anyone naturalized under the laws of Canada shall be regarded as a full Canadian."

NEW YORK (AP)—A Tokyo broadcast reported today by U.S. government monitors said a "disastrous fire" ravaged the Fukushima prefecture resort of Iisaka Hot Springs in northern Honshu during the night of July 1, destroying 193 buildings, including 19 hotels.

Troops Fight Fire
NANAIMO — Bush fires that threatened valuable stands of timber were brought under control on the Lakes road Tuesday only after hundreds of soldiers had been called off the streets and from picture shows to aid the regular fire-fighters. The blaze was believed to have started following gunnery practice near the old Beban mine.

WAR-TIME SAVING for NATIONAL and PERSONAL Security

Every thoughtful person agrees that in this time of war SAVING should be practised intensively, and for the following reasons:

- 1) Financing the war
- 2) Keeping prices down
- 3) Providing for the future

By saving instead of spending now, you will help yourself and your country—provide for Canada's security today and your own security tomorrow.

C.C.F. report from Ottawa by M. J. Coldwell, CBR, tonight, at 7.30.

Premier-Elect Douglas Announces
12-Man Cabinet for Saskatchewan

REGINA (CP)—The first C.C.F. government in history will take office in Saskatchewan next Monday with a 12-man cabinet led by Premier-elect T. C. Douglas, 39, one of the youngest political leaders in Canada.

Mr. Douglas, a short, slight man and skilled debater, chose his cabinet from several walks of life. A Baptist minister himself, he will have five farmers, three teachers, a lawyer, a railwayman and a cooperative expert as immediate advisers.

The cabinet members, announced at the close of the first caucus of C.C.F. members-elect Tuesday night, occupation and constituencies follow:

Premier and Minister of Health—T. C. Douglas, 39, minister, Weyburn.

Provincial Treasurer—C. M. Fines, teacher, Regina.

Attorney-General—J. W. Corman, K.C., lawyer, Moose Jaw.

Minister of Municipal Affairs—J. H. Brockelbank, 47, farmer, Tisdale.

Minister of Natural Resources—J. L. Phelps, 44, farmer, Saltcoats.

Provincial Secretary and Minister of Social Welfare—O. W. Valteau, 52, farmer, Melfort.

Minister of Highways and Public Works—J. T. Douglas, farmer, Rossmore.

Minister of Rehabilitation and Reconstruction—J. H. Sturdy, teacher, Saskatoon.

Minister of Co-operatives and Industrial Development—L. F. McIntosh, pool service field man, Prince Albert.

Minister of Labor—C. C. Williams, railwayman, Regina.

Minister of Agriculture—Maj. G. H. Williams, 49, farmer, Wadena.

Minister of Education—Woodrow Lloyd, teacher, Biggar.

TWO MAYORS

Two of the ministers are mayors—Mr. Williams in Regina

and Mr. Corman in Moose Jaw.

Maj. Williams, former provincial C.C.F. leader and now on active service, recently returned from overseas. Mr. Brockelbank was C.C.F. House leader in the 9th Legislature. T. C. Douglas, until a month ago, was member of the House of Commons for Weyburn.

The C.C.F. cabinet, with three more members than the outgoing Liberal administration, has two new departments—labor, and co-operatives and industrial development. The provincial treasurer, held by Premier W. J. Patterson, will become a separate portfolio.

SMALLEST OPPOSITION

The C.C.F. who increased its membership in the landslide June 15 from 10 to 47, will have the smallest opposition since the province was formed in 1905.

Mr. Patterson is expected to lead the five Liberals re-elected providing there is no upset Thursday in the recount of ballots in Cannington, his constituency, where he had an official majority of only six over Mrs. Gladys Strum, C.C.F.

The next Legislature of 55 members will have three representatives of Saskatchewan armed forces personnel serving outside the province. The three will be elected later.

MEET IN OCTOBER

Mr. Douglas has announced the first session of the 10th Legislature may be called this year, but not before October.

At the caucus, members decided to reduce the pay of cabinet ministers by \$1,000 a year. The ministers each will receive \$5,000 for a total of \$60,000 compared with \$6,000 for seven Liberal ministers, \$7,500 for the Premier, and no indemnity for the Liberal minister without portfolio, totaling \$49,500. The C.C.F. will continue the \$2,000 seasonal indemnity for each minister.

Public Agrees Soldiers' Charge
War Not Taken Seriously True

By Canadian Institute of Public Opinion

TORONTO.—When military men returning from overseas make speeches, and say that the Canadian civilian population is not taking the war "seriously enough," more than half the civilian population pleads guilty. The fact that civilians are ready to admit this plus the fact that, as the polls have shown, a majority of the rank and file have been willing to go further and make greater sacrifices than they have been asked to make, should in itself, be of some comfort to those fighting men who originate the charge of apathy.

The issue was put to the public by Gallup opinion reporters in these words:

"Some soldiers back from overseas say too many people in this country do not take the war seriously enough. Do you think this is true or not?"

The answer: True 56 per cent, not true 34 per cent, undecided 10 per cent.

Opinion in the province of Quebec has a considerable bearing on the national figure shown above, inasmuch as the largest single group in that province feel that the charge is not true. Quebec opinion compares as follows with that of the remaining eight provinces:

True 56
Not true 34
Undecided 10

The way Canadian civilians feel about this is very similar to the way their American neighbors feel about it. To an identical question asked by the affiliated American Institute of Public Opinion, voters in that country replied: U.S. vote—True 66 per cent, not true 26 per cent, undecided 8 per cent.

To those people who said they believed the charge was true, Gallup reporters added this question:

"What do you think should be done about this situation if anything?"

By far the largest number could offer no solution. Those who did advance suggestions most frequently suggested a more realistic education by the government, and less censorship, official and unofficial, of the unpleasant facts of war. Specifically, some in this group mentioned realistic films, newspaper pictures and articles and so forth. To another section of the population, the best way to "bring the war home" to civilians on this side would be a law conscripting men for overseas service.

**Canada Adopts
C.N.R. Hospital Train**

MONTREAL—Advice has been received from Ottawa that the design of the fourth Canadian National Railways hospital car, recently placed in service, has been adopted as standard for all future Canadian hospital cars. It was announced at C.N.R. headquarters today.

Two additional air-conditioned hospital cars of the standard type are to be built in the Montreal shops of the national system. The interior layout of the fourth C.N.R. car was designed by Col. E. L. Stone of Ottawa, medical adviser in the directorate of movements, in co-operation with medical and car experts of the railway.

Work has already commenced on these two additional "hospitals on wheels," and each will have accommodation for 28. On their completion the C.N.R. will have placed six such cars in service with the Royal Canadian Army Medical Corps since the start of the war.

Enormous Courage and Strength
Needed to Stand, Hitler Admits

LONDON (CP)—Adolf Hitler, in a second speech within a week,

declared "we shall not capitulate before any difficulty," but acknowledged "enormous courage and strength of nerves are necessary to stand up in these times."

The Berlin radio said today.

His speech, not delivered to the German people, was reported by Nazi broadcasts, which said it had been made to a meeting of the Reich's war production leaders. The time was not disclosed, nor was the text broadcast, Berlin giving only what excerpts it wanted to reach foreign ears.

Not since Jan. 30 has the German leader spoken directly to his people. He warned them then they faced the "hardest task imaginable."

Last Saturday night, the German radio reported a speech given by Hitler at the funeral of Gen. Eduard Dietl, late Nazi commander in Finland, in which he sounded the same note to "difficult" situations facing Germany. The date and place of that address were not given.

A German Transocean broadcast recorded today by the Associated Press said Hitler received the production chiefs at his headquarters following a conference with Prof. Albert Speer, Minister of Munitions.

MUST FIGHT, WORK

"This war cannot be judged on 'daily events,' Hitler was quoted as saying. 'In a battle of such historical extent a timely success or defeat does not make any difference. In this war of destiny for the German people everyone must fight and work for final victory.'

"I know that enormous courage and strength of nerves are necessary to stand up in these times; but we shall not capitulate before any difficulty."

Speaking of "the courageous German soldiers" at the front, he asked:

"Should the German leadership which has been lucky enough to say for four years that we have had only successes now say that we will fail?"

In answer he said:

"No. We will triumph this time and in the end win this war."

HE WANTS NEW WEAPONS

Hitler asserted this war was not only one of soldiers, "but

also of engineers" and technicians. He said in this respect the Allies sometimes were as efficient and on rare occasions better than the Germans, "but the German inventive spirit is on its way to regain the balance again."

The Fuehrer asked Speer and his colleagues to convey to all German war workers his thanks for all they have done.

Speer announced an increase in armament production, which he said had "been achieved in spite of enemy air attacks." The extent of the increase was not mentioned.

**Albani Indian School
To Have New Principal**

TORONTO (CP)—Rev. R. B. Cochrane, secretary of the board of home missions of the United Church of Canada, today announced that A. E. Caldwell of Norway House, Man., will become principal of the Indian Residential School at Alberni, B.C., while Rev. Joseph Jones, formerly of Portage la Prairie, Man., will go to Norway House, succeeding Mr. Caldwell, Rev. O. B.

Strapp, formerly of Muncie, Ont., will become principal of Brandon Indian Residential School, succeeding Rev. R. T. Chapin, who will become minister of the Melville Bethesda Church, in Ontario. Rev. S. H. Soper of Parry Sound will succeed Rev. Strapp.

FOR THE NEW WORLD

HERE IN VICTORIA, AS ELSEWHERE throughout Canada, we are becoming conscious of the increased demands to be placed on our educational system as we approach the postwar period. From the armed services, men and women—with some financial aid from their governments—will return to resume their studies or to begin on courses to equip them with specialized training. There are fundamental factors, too, which are working to increase the school and college populations. Among them are the conviction that an international understanding capable of eliminating war can best be achieved by education, the strides taken by science and industry which call for a greater proportion of technically-trained men and women, the ability of parents to finance a more extended education for their children because of accumulations of war savings and bonds.

Mr. John A. Marsh, former national speaker for the Association of Canadian Clubs, ex-M.P. for Hamilton, and speaker through the United States under the Canada-United States Goodwill Congress, has been making a study of the problems with which our Canadian education system must preface itself to cope. He finds that we must revamp some of our obsolete ideas if education is to be capable of doing the great work the people are expecting of it. First, more money must be made available, provincially or otherwise, for educational purposes. Second, the standard of teaching must be elevated and teachers' salaries must be raised to a parity with those of other professions. Third, students should be "pointed" at an earlier age toward the vocation for which they are suited. Fourth, history textbooks should be modernized and, before adoption, submitted to international committees, functioning in world zones to ensure freedom from bias.

The first three requirements listed by Mr. Marsh are pretty well self-evident. Of the fourth there is not yet a general awareness of its need. Examination, however, reveals that almost no modern British or American history has been or is taught in our schools and our children know little or nothing about modern trends in other countries. Their only scholastic glimpse of a modern world is gleaned from such emphasis on current events as the teacher wills or has time for. The rest of it must come from the newspapers or other publications which may or may not be read by the student. This comes down to the question of how well we are fitting our young people not only to live in, but to fashion the modern world into which they are being graduated. That is the overall challenge to our educationists. It is offering them their great opportunity. On how they measure up to it will largely depend the shape of things to come.

GUARDING LAVAL'S HIDE

ONE OF THESE DAYS, AND PERHAPS before very long, that malevolent institution known to all the world as Pierre Laval will get himself into trouble from which he will find it difficult to extricate himself in one piece. Latest news of him is a report that certain "unreliable elements" have been discovered among the 30 persons who are responsible for his safety—despite the fact that the guardians in question were understood to be 100 per cent faithful to his gospel of collaboration. His precious hide is thus reputed to have become a first charge for a score and a half of Gestapo chief Heinrich Himmler's best.

This latest development concerning Laval may or may not have something to do with an earlier report that he was on the verge of resigning and fleeing France as a result of the internal upheaval since the invasion began. Nor may it be altogether too fantastic to link these advices with the recall by Britain and the United States of their respective ambassadors to the Argentine Republic. Mr. Norman Armour arrived in Washington yesterday; he may have heard the suggestion that Laval had attempted to deposit \$50,000 in gold in the banks of that Latin American state. Some time ago, incidentally, Swiss reports had it that Reichsmarshal Hermann Goering had used some units of the Luftwaffe to transfer to the neutral Alpine republic several crates of pilloled furniture and valuables.

None of the Allies has said much of late about bringing war criminals to trial. It could not be, however, that Laval and Goering and the neutral nations have forgotten President Roosevelt's warning of last March that: "It is our determination that none who participate in these acts of savagery shall go unpunished. The United Nations have made it clear that they will pursue the guilty and deliver them up in order that justice be done. That warning applies not only to the leaders but also to their functionaries and subordinates in Germany and their satellite countries." To which should be added that some of the rats may try to leave the sinking ship; but the United Nations will have sufficient "influence" available to persuade any harboring state to recognize the desirability of returning all stray "baggage."

TWELVE TO SEVEN

NOT UNTIL SASKATCHEWAN'S NEW government has held its first session, and has had an opportunity to show what it intends to do to implement C.C.F. promises made in the recent election campaign in that province, all judgments naturally will be suspended. Yesterday's announcement from Premier-elect T. C. Douglas to the effect that the party had decided to reduce the salaries of cabinet ministers from \$6,000 a year to \$5,000, however, has been promptly followed by the publication of a ministerial personnel numbering one dozen as compared with seven in the defeated government of Liberal Premier W. J. Patterson. Between them, these drew from the provincial treasury the sum of \$49,500 a year, while the incoming ministry's aggregate will be \$60,000. This is not to say that the additional annual salary outlay will not be justified by subsequent performance. We merely set it down for the record.

It will be recalled, incidentally, that on the morrow of the Saskatchewan victory, Mr. M. J. Coldwell, national leader of the C.C.F., predicted a complete housecleaning of the civil service of the province. He did not elaborate; but he left the impression on the public mind that the Douglas ministry would run a fine tooth-comb over the official payroll with the object of eliminating appointees with known or suspected political antecedents. It would be interesting to know whom the new administration proposes to appoint in the places of those upon whose necks the axe of dismissal may be expected to fall. None will suggest that either Liberals or Conservatives can look with hope for consideration for the vacancies which the aforesaid "housecleaning" is expected to occasion. But, of course, only merit will be the determining factor under direction from the C.C.F. party's hierarchy. Its appointees will not be political. Perish the thought!

'DIFFICULT SITUATIONS'

TWICE IN LESS THAN A WEEK ADOLF Hitler has delivered a speech. At the funeral of his favorite General Eduard Dietl last Saturday night the Fuehrer spoke of the "difficult" situations facing the Reich. His latest was an oration for the special benefit of an assembly of Germany's war production leaders. At this gathering, too, the Nazi chief did not attempt to minimize the "enormous courage and strength of nerves" necessary "to stand up in these times." But the extraordinary Adolf splashed a little luminous point on an otherwise sombre canvass when he assured these industrialists that "the courageous German soldiers" at the front would give the lie to all suggestions that "we will fail." He assured these pessimists that "we will triumph this time and in the end win this war."

How much of the Fuehrer's reference to "difficult situations" last Saturday and his remarks to his war production chiefs were relayed to the German people is highly conjectural. Many in the lands of the United Nations coalition will wonder, however, how much of the two orations, if any, will reach the "courageous German soldiers" at the front, and what those engaged in "detaching" manoeuvres in White Russia, in Italy, and in Normandy will think of this latest manifestation of Hitlerian optimism as to the outcome of the conflict—its patent qualifications notwithstanding. Admittedly, a large reservoir of fanatical Nazi courage still is at the disposal of the German high command, and many "fight-to-the-death" orders will be obeyed. But former "artist" Schickelgruber's supply of bright colors is fast running out.

IT WORKED ONCE

MEMBERS OF THE CANADIAN CLUB, the Chamber of Commerce, and Gyro Club who attended the former's luncheon on Monday experienced something of a shock after they had scanned the literature placed in their hands as they purchased their tickets. One piece consisted of an eight-page pamphlet containing a speech delivered in the House of Lords in November, 1941, by the Rt. Hon. Lord Sempill—who was the guest speaker at the gathering here—on the Atlantic Charter and Economic Security, and bearing the imprint of the Vancouver Branch, Democratic Monetary Reform Organization of Canada. The other piece was a "Statement of Policy" of the Social Credit Association of Canada. This contained what purported to be an exposure of isms—including Liberalism, Conservatism, Communism, and Socialism—winding up by extolling the inducements of Social Credit, which "stands for the maximum of individual freedom," "decentralization," and the "real democracy."

Regardless of the virtues or otherwise of Social Credit as a political or economic philosophy, we used the word "shock" to cast neither reflection on Lord Sempill's endorsement of this system of government nor on the bona fides of those men and women who support the activities of the Vancouver Branch of the Democratic Monetary Reform Organization of Canada; far from it. On the other hand, however, we feel in duty bound to compliment the officers of the Canadian Club for their remarkable restraint in refraining, in the presence of so distinguished a visitor, from pointing out that among the functions of their organization is not that of disseminating political or economic propaganda—either orally or through the medium of the printed word. Perhaps this will be sufficient to suggest that a similar attempt by any outside body surreptitiously to "use" the Canadian Club is likely to be far less successful than this first surprise offensive against an implacable rule.

Most of the shoes that hurt are bought to fit the occasion instead of the feet.

Chewing gum is a favorite with our boys overseas. They'll teach the world to choose the choice of chews.

China's 8th Year

JAPS CAN WIN BATTLES, BUT NOT WAR
GERMANY is on the retreat everywhere, and Japan is on the defensive everywhere—in Burma, in the southwest Pacific save on the front in China. Thus the Chinese front is now the only critical and endangered front in the entire anti-Axis coalition. But, as Max Werner has pointed out, the defensive power of Japan is limited and Chinese defence can be strengthened.

As China on July 7 enters her eighth year of courageous resistance to the Japanese aggression, it is timely to remember that since the fall of Hankow in October, 1938, and until June, 1944, Japan had no major successes in her war against China. For five and a half years the front in China was stabilized. The stubborn Chinese resistance has drained the power of Japan and was of invaluable strategic help for the U.S. and Great Britain as well as the Soviet Union. In addition to that the war in China has demonstrated the mediocrity of the Japanese army in technical, tactical and strategic effects. Japan can win battles in China—it cannot win the war against China. It is unable to break Chinese resistance. There can be no doubt that since Japan has not succeeded in its year of war against China, she will not succeed in the remaining months of relative freedom of action she still has on the Asiatic Continent.

THE OFFENSIVE in the north-south direction along the Hankow railway is basically a preventative action—a kind of active defence. Its endeavor is to establish direct transcontinental communication with the Japanese held areas in southeast Asia and, at the same time, to cut off and even occupy the most important strategic position free China possesses: the southeast Chinese coastline. The Japanese offensive tries to prevent the use of Chinese coasts as an offensive base for U.S. forces and the junction between the Pacific front and the front of the continental war in Asia. The offensive at Changchow is aimed against the U.S. war plan. The offensive in China is the only major operation the general staff in Tokyo was able to launch in 1944. With this blow, Japan is exploiting China's technical exhaustion.

But the anti-Japanese coalition has many possibilities against Japan. The violent pressure on Japan on the sea, in the air and in Burma will increase. New blows from the Pacific will follow which can shatter positions not far away from the Asiatic mainland, but the Japanese offensive against China is a sharp reminder that we have to win the war on the Asiatic mainland, too, and not on the sea and in the air alone. As measures of strategic relief to China the operations on the Asiatic mainland have priority. Thus the volume and intensity of the Allied Burma offensive must be augmented.

CHINA HAS REACHED almost the limit of endurance in total war. The Chinese armies have military reserves which are partially tied up by internal strife. The armies not subordinated to the Central Government of Chiang Kai-shek which have questionably been called "Communist Armies" have proved their mettle fighting the Japanese. This army was the first to work out the tactics of effective guerrilla war against Japan. If these forces and the army which the Chungking government is using to checkmate them were to be brought into action against the common enemy, Chinese forces would possibly have an additional 1,000,000 of experienced soldiers.

It is a great advantage for Chinese strategy that the rear of the Japanese troops is disorganized and harassed by the incessant action of Chinese guerrillas which are even now breaking through as far as the suburbs of Shanghai and Nanking.

STRAYED VISITOR

There was an angel in the chancel. No one Lifting decorous eyes discovered him; Whatever was in their thoughts, it was clearly never One of the seraphim— Though they were chanting with their heads bowed, "To Thee all angels cry aloud."

There he was; the arched altar-window Dazzled behind him with its painted flame Of souls in glory: ah but brighter, brighter He who from glory came!— As, standing quietly near the chancel-stair, He looked upon them unaware.

Such a deep hush of gravity and wonder Was on his face, as if he sought to see Why God became such flesh as these and perished

For them at Calvary. Leaning on folded wing, he looked at them As if he mused on Bethlehem.

How should he understand, being immortal? He turned, all blazing on the limpid air, And by a sun-shaft as a stair he mounted— None knew he had been there: Only a stammering child of six years old Told, and was silenced when she told.

AUDREY ALEXANDRA BROWN.

GEMS OF THOUGHT—COMPANIONSHIP

"Kindred tastes, motives, and aspirations are necessary to the formation of a happy and permanent companionship." — Mary Baker Eddy.

"What is companionship where nothing that improves the intellect is communicated, and where the larger heart contracts itself to the model and dimension of the smaller?" — Landor.

A bus rider's refusal, day after day, to give a certain woman his seat, finally caused an argument, and subsequently they were married. That's no way to stop an argument.

News Analysis—

The War Today

By DEWITT MACKENZIE
Associated Press War Analyst
The Russian avalanche, having torn the Germans loose from the strategic strongholds of Minsk and Polotsk, has continued to roll the Nazi line back in what bids fair to be the greatest disaster that yet has overtaken the man who three years ago marched his conquering legions over this old invasion route in quest of world domination.

Berlin itself has admitted that the Russian advances have been so rapid that big German units have been left in the rear of the Muscovites. The Nazi losses have been colossal—something like a quarter of a million men killed or captured in the last 13 days. This sacrifice has been imposed by Hitler himself, who ordered his men to fight to the death, and, according to captured Nazi Gen. Bauerler, has been enforcing this by exacting reprisals for disobedience.

We have here a picture of German distress which strengthens the belief of observers that the battle of Minsk will prove to be one of the decisive engagements of the entire war. The London Times, Monday, in describing the position, said that "part of the eastern front today presents a spectacle that has not been seen in Europe since 1918—that of a broken German army."

This analyst doesn't make it his business to prophesy, but only to indicate trends—possibilities and probabilities. There's the possibility of a German debacle in White Russia. However, the facts do not warrant us in assuming a collapse at the moment. A bit more time will tell whether Prussian military skill will enable a withdrawal to other defenses.

Any event, the disaster already visited on the Hitlerites, and the great military advantage gained by the victory in the Minsk sector, rank this as one of the decisive contributions to Hitler's rapidly approaching downfall. Possession of the ancient citadel of Minsk is per mitting the Red Armies to roll westward towards East Prussia, Warsaw—and Berlin!

it's the truth!

You Can Have Brighter Teeth!

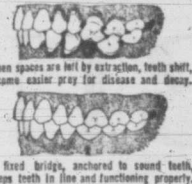

Impartial laboratories made hundreds of tests. Scientists checked their findings with photoelectric measuring devices and authorized this statement: **PEPSODENT POWDER PRODUCES A LUSTRE ON TEETH TWICE AS BRIGHT AS THE AVERAGE OF ALL OTHER LEADING BRANDS. BRIGHTER THAN ANY OF THEM—BAR NONE!** These results have been doubly checked by identical twins who made practical in-the-home tests... by technicians in dental clinics... by dentists in their own offices. The result is always the same: Pepsodent Powder with Irium makes teeth far brighter.

Irium is an exclusive, patented cleansing ingredient found only in Pepsodent. To make your teeth brighter, get Pepsodent Powder with Irium—today!

You Can cross a Bridge

Before you come to it!

When you have teeth extracted, replacements are important because Nature has given every tooth a job to do... an important job for health. Even if the space never shows, good teeth may shift, be subject to unnatural stress and decay. With modern techniques your dentist may make an impression of your teeth before removing any... then use this as a guide to make a bridge of teeth so well matched in colour and shape, so well fitted you never realize they are replacements.

PEPSODENT WITH IRIUM[®] MAKES TEETH FAR BRIGHTER

*Of all Toothpastes and Powders ONLY Pepsodent Contains Irium!

Doll Day Feature At Parks Thursday

Following opening of swimming classes Tuesday, city playground supervisors today made plans for the doll day scheduled as Thursday's features at Beacon Hill and Central Parks at 2. Prizes will be given to the girls showing the doll judged best.

On Monday, opening day, 150

registered for the program at Central Park and 110 at Beacon Hill.

The schedule is arranged for girls and boys from 4 to 15 years, under the direction of Frances Borde at Central and Ella Creighton at Beacon Hill, with activity continuing from 1 to 5 in the afternoon and 6:30 to 8 in the evening on weekdays, and from 9 to noon Saturday.

Swimming classes are held on Tuesday mornings at the Crystal Garden for girls with those aged 4 to 10 years participating from 9 to 10, and girls 10 to 14 years from 10 to 11. More than 100 girls attended the classes held Tuesday morning.

Swimming classes for the boys are held Friday morning from 9 to 10 for 4 to 10-year-olds, and

from 10 to 11 for boys 10 to 14 years of age.

No Civilian Tires Before Late 1945

I. G. NEEDLES

Advice was given to Kiwanians by I. G. Needles to cherish their present tires because there is no hope that synthetic rubber production will allow for civilian production of tires before late in 1945, if then. Mr. Needles, who is sales manager of the tire division of the B.F. Goodrich Rubber Co. of Canada Ltd., Kitchener, Ont., was addressing Tuesday's luncheon meeting of the Kiwanis Club.

He listed the main factors that are slowing down the production of synthetic rubber for civilian use, among which is shortage of manpower, lack of production facilities to handle military and essential civilian traffic as well as non-essential civilian requirements, and extra instruction needed to teach available manpower how to handle the synthetic product.

Mr. Needles pointed out that 60 ordinary civilian tires can be manufactured in the time that it takes to complete one Flying Fortress tire. He detailed many of the other problems that are facing the synthetic rubber plants in meeting military needs.

ALMOST AS GOOD

In discussing how good the synthetic product is, Mr. Needles said the situation is changing constantly because of the great advances of research that are made all the time. So far, he said, it has been found that for ordinary passenger and light truck use the synthetic tires are almost as good as natural rubber tires, if they are properly cared for, but are not so satisfactory for heavy truck and military service.

He expressed the opinion that the synthetic rubber plants should be kept in operation as stand-by plants during the postwar years, and also to handle the anticipated great increase in demand for rubber products of all kinds.

At the conclusion of his talk he mixed up a small batch of synthetic rubber for the Kiwanians to show them what it is like in its raw state.

James Island Plant Wins Safety Honors

Entered in the annual National Safety Council Chemical Section Contest, July 1, 1943 to June 30, 1944, Canadian Industries Limited's explosive plant at James Island completed the entire period without sustaining one lost-time accident, thereby winning international recognition.

The plant is already the possessor of two handsome bronze plaques, indicating that on two former occasions, July 1, 1939-June 30, 1940 and July 1, 1940-June 30, 1941, it had completed the yearly period without sustaining an injury sufficiently severe to incur loss of time from work.

The annual plant safety record shows 532 accident-free days and every effort is being made to make the number grow.

Agriculturists Meet

Members of Victoria Horticultural Society, meeting Tuesday evening in City Hall, heard a talk by Mrs. M. A. Foulds, domestic science expert of the B.C. Electric, on how to properly preserve the fruits and vegetables they are growing in their Victory gardens.

There were many entrants in the monthly competition. Arthur Perrey and George Tester won the competition for sweet peas; A. E. Powell and E. Bridges for garden peas and Arthur Perrey and A. G. Heyes for loganberries. Tribute was paid to the memory of George Williamson, for long an executive member, who died recently. E. M. Whyte, president, voiced the society's sympathy and a standing vote of condolence was taken.

Try This DUNK-IT SALAD INNOVATION

Fingers came before forks, they say, and here's a salad that provides a grand opportunity to indulge the urge. Pick up crisp slices of carrot or celery, dainty sections of cauliflower or wedges of tomato, and dunk them in mayonnaise—just like dunking doughnuts in coffee!

with crisp VICTORY GARDEN VEGETABLES

Eaten this way your freshly picked garden vegetables taste doubly delicious—when you use real mayonnaise, made like the home kind, without starchy fillers. Best Foods Mayonnaise is made this way, and it reaches you really fresh because it is made fresh each day as needed.

and with CREAMY FRESH MAYONNAISE

Recipe

DUNK-IT SALAD

18 stalks asparagus, cooked
3 small carrots, scraped
2 small tomatoes

1 bunch celery
1 cauliflower, raw
Lettuce, parsley

On individual salad plates arrange 3 stalks of asparagus in a nest of lettuce. Place in separate lettuce cups 3 wedges of tomato, 7 slices of carrot, 3 sticks of celery and several sections of cauliflower. Place Best Foods Real Mayonnaise in a lettuce cup garnished with parsley. Serves six.

Spent Holiday On Island

Mr. and Mrs. Arnold Davidson Dunton are pictured in the gardens of the Empress following a trip from Qualicum. Mr. and Mrs. Dunton returned to Vancouver today and will holiday at Bowen Island before returning to Ottawa where Mr. Dunton will resume his duties as general manager of the Wartime Information Board and editor of the Montreal Standard.

Weddings

RASK-ROASE

Metropolitan United Church. Manse was the scene of the wedding, Friday, of Mary, daughter of the late Mr. and Mrs. O. Roase of Broadview, Sask., and John Alfred Rask, formerly of Broadview, Sask. Rev. A. E. Whitehouse officiated.

The bride chose a teal blue dressmaker suit with white accessories and a corsage bouquet of pink roses and lily of the valley. Mrs. Wm. Conkin was matron of honor, wearing a black suit with white accessories and a corsage bouquet of pink carnations. Wm. Conkin supported the groom.

A reception was held at the home of Mr. and Mrs. Conkin, 719 Wilson Street, where the guests included Mr. and Mrs. G. Carr, Miss Laurine Erickson, L.S. W. Hines, R.C.N.R., and Vernon Rask.

After a short honeymoon up-island, Mr. and Mrs. Rask will reside at 828 Cormorant Street.

COX-LANGLEY

The marriage took place Tuesday evening in the Church of Our Lord of Mufiel, only daughter of Mr. and Mrs. W. Langley, 3071 Scott Street, and S. Sgt. Joseph H. Cox, R.C.A., eldest son of Capt. and Mrs. W. J. Cox, 726 Newberry Street. Rev. T. H. Laundry performed the ceremony, and T. Meyers presided at the organ. Girl friends of the bride decorated the church.

The bride was given away by her father and chose a two-piece afternoon frock of turquoise crepe, with a small white hand-made hat and white accessories. Her arm bouquet was composed of pink roses and white sweet peas. Mrs. Gilbert W. Langley was the bride's only attendant, wearing a gold frock with white hat trimmed with mauve veiling and carrying a bouquet of Talisman roses and mauve sweet peas. Richard Cox supported his brother. Thomas Cox and L. Murrant ushered.

A small family reception was held at the home of the bride's brother and sister-in-law, Pte. and Mrs. Gilbert W. Langley, where mothers of the couple welcomed the guests. A congratulatory cable from Pte. Langley with the R.C.A.S.C. overseas was read during the evening. Toast to the bride was proposed by C. E. Clapham, an old family friend.

Before leaving on a honeymoon up-island, the bride donned a tweed traveling coat over her wedding ensemble.

DEWDNEY-ARNOTT

The marriage was solemnized Tuesday morning at Christ Church Cathedral by Dean Spencer H. Elliott of Rosh, daughter of Mr. and Mrs. Thomas Arnott, Craigmillar Road and Ven. Archdeacon Arthur J. E. Dewdney, son of the late Mr. Thomas Dewdney, Broadstairs, England, and the late Mrs. A. Dewdney, Harrow-on-the-Hill, England. The bride was given away by her father, Archdeacon and Mrs. Dewdney have left for a short visit on the mainland.

FERRIDAY-MACKAY

The marriage took place June 24 of Mary Marguerite (Rita), elder daughter of Mr. and Mrs. A. M. Mackay, 1755 Foul Bay Road, and Albert William, younger son of Mr. and Mrs. W. E. Ferriday, 1795 Foul Bay Road. Dr. A. E. Whitehouse of Metropolitan United Church performed the ceremony.

Club Calendar

Princess Patricia Lodge No. 238 to entertain servicemen, Friday, 8, in S.O.E. Hall.

Daughters of St. George, No. 83, Wednesday, 8, S.O.E. Hall... W.A. to Prince Edward Branch, Canadian Legion, Tuesday, 8, Legion Hall, to plan for garden party July 20.

Mrs. P. Stephen presided at a meeting of Queen Alexandra Review No. 1, Women's Benefit Association, held in the S.O.E. Hall. Arrangements for the fall bazaar were discussed, the Junior Club will have charge of bingo; Mrs. H. Thompson, fancywork stall; Mrs. M. Laird will donate a chicken dinner. Next sewing meeting will be held at the home of Mrs. F. Morris. Mrs. A. Ritchie reported on the sewing meeting held at the home of Mrs. Baillies and on a card social. Mrs. Stephen reported on the final pioneer meeting for the summer at the home of Mrs. H. Dresser.

"But personally I think the best way to get carbohydrates and proteins is in a lip-smacking bowlful of Grape-Nuts Flakes." "You said a mouthful, Professor! What a mouthful of tongue-tickling flavor and good nourishment!" "Yes, my little chickadees, and not only do Grape-Nuts Flakes supply carbohydrates and proteins, but also useful quantities of iron and phosphorus and other food essentials. Not forgetting their malty-rich, sweet-as-a-nut taste." "I guess all that comes from being made of two grains—wheat and malted barley—and being blended, baked and toasted for grand taste and easy digestion. I must pick up a package at the grocery."

Local Red Cross Has Newest Maps Of Prison Camps

To keep the public informed on latest information available concerning the 28 prison camps where Canadians are held, the B.C. Division of the Canadian Red Cross Society has issued a new map of Germany marking the location of each of these centres. The maps may be seen at 620 Broughton Street.

In addition, 32 other prison camps are marked and location given of the 22 hospitals which are attached to the camps. Included in the information supplied is the list of what the Canadian Red Cross Society does for prisoners of war.

Canadian population in German prison camps is increasing daily as action flares widely on French and Italian fronts. Almost every district in B.C. claims some lad to whom parcels and letters will go as often as international arrangements allow.

"Capture" parcels are given, as well as the Red Cross 11-pound food parcel which goes weekly to every interned Canadian. It is this food which, supplementing the restricted German prison fare, keeps the Canadians healthy and fit. Vitamin tablets, medical supplies and clothing are also sent to these men.

Diamond Wedding Of Ganges Couple
The diamond wedding anniversary of Rev. and Mrs. George Aitkens was celebrated at their home in Ganges, when many friends were received by Mrs. Aitkens and her daughters, Mrs. Cecil Springford, Mrs. J. Mitchell and Miss F. M. Aitkens, who all live on Salt Spring Island.

Rev. and Mrs. Aitkens were married in 1884 in Winnipeg, the ceremony was performed by Archbishop McCrae of Rupert's Land. Mr. Aitkens was first in charge of a large prairie district, later going to New Zealand and remaining there for seven years. He returned to England, where he was rector of Stanstead, Suffolk. Returning to Canada he was appointed vicar of Cobble Hill and Shawigan Lake, afterwards becoming vicar of Salt Spring Island, from which position he resigned 20 years ago.

Beside the three daughters, there are three sons, George, in Suffolk, Eng.; Jack, living at Duncan, V.I., and O'St. John in Kelowna, and nine grandchildren.

Mr. Aitkens' brother, Rev. J. Aitkens, of Chislehurst, Eng., recently celebrated his diamond wedding, receiving a telegram of congratulation from the King.

Personals

Mr. and Mrs. K. Dewar of Edmonton are in Victoria.

Mr. and Mrs. J. T. Dickson of Duncan are registered at the Strathcona.

Mr. and Mrs. J. E. Akitt have come from Regina and are at the Empress.

Dr. and Mrs. Max S. Wright are at the Empress from Spokane.

Mrs. Norman Ingledew of Victoria and her two children are visiting Mrs. Ingledew's mother, Mrs. C. W. Dill, in Vancouver.

A pair of Kenwood blankets and sheets were presented to Miss Muriel Langley from her fellow workers in the hardware department of David Spencer's Ltd., prior to her marriage Tuesday evening to S.Sgt. J. H. Cox.

Mrs. F. J. Woodley, 123 Wellington Avenue, has arrived home from Ottawa, where she has been staying with her son, Pay-Lieut. W. J. Woodley, 120 Gilmour Street. Mrs. Woodley accompanied her daughter-in-law and grandson, Michael, to Ottawa in May.

Miss Margot Hughes, July bride-to-be, was honored at a miscellaneous shower given by Miss Doreen Maynard at the home of her mother, Mrs. F. G. Maynard, Southgate Street. Those present were Mesdames David Hughes, Fred G. Maynard, John McTavish, V. Di Castri, F. Skinner, B. McDermott, H. W. Goggin, and Misses Ann Adamson, Frances Porter, Joyce Goggin, Joan Fitcher, Doris Walker, Gladys Robertson and E. Ballson.

Red Cross Notes

Metochin Junior Auxiliary opened its summer activities at the home of Ann Ford. The doll's house, made and furnished by Cyril Jackson and Kenneth Glyde, which is part of the Auxiliary's money-raising plans for the summer, has been returned to the Red Cross work rooms, 1010 Government Street, for display during another month.

GARDEN PARTY

A garden party will be held by St. Martin's-in-the-Field Ladies Guild Thursday, at 3, at the home of Mrs. G. Eade, 313 Gorge Road West. There will be stalls of home cooking and novelties. Tea will be served on the lawn.

Clubwomen

Sweaters, socks, helmets, and mittens to the value of \$83.75 were sent to the war services convener for distribution to ships and camps. It was announced at a meeting of Gonzales Chapter, I.O.D.E., held at headquarters on Tuesday, Mrs. W. C. Nichol presided. Arrangements were made to fill "personal property bags" to be sent to women in the services and for nursery bags to be made and filled for children of the bombed areas of Britain. A new member, Mrs. Ernest Willoughby, was received into the chapter with the usual ceremonies.

Mrs. F. Baylis presided at the last meeting of Florence Nightingale Chapter, I.O.D.E., when conveners of various stalls for the garden party at Government House July 26 reported on their plans. Members of the chapter will tag August 5 for the combined I.O.D.E. chapters. A year's subscription to the Canadian Geographical Magazine was made to George Jay School. Mrs. H. Carter, war work convener, reported goods to the value of \$33 turned into Municipal Chapter for the services, and that the chapter will fill personal property bags for the services and children, Mrs. G. Mellor convening. Mrs. T. Huellin, sunroom convener, reported the pavilion visited each week and donation of \$2 to needy patient and \$1 for prizes. Three crates of strawberries were donated during June, and raspberries and ice cream will be provided for July. A donation of \$10 was made to the soldiers' graves. Next meeting will be held the first week in September.

LAKE HILL, W.I.

Mrs. M. E. Service reported on the provincial conference at the last meeting of Lake Hill Women's Institute held in the garden of the president's home, Mrs. G. F. Massey presiding. A contest was held, the proceeds of which together with articles donated by members will be used to fill a sailor's ditty bag. Plans were made to hold the next meeting Aug. 15 at the home of Mrs. A. Moffat, Cadboro Bay.

Langford

Proceeds of the dance held by the W.A. to Canadian Legion, Prince Edward Branch, will aid the overseas parcels for local men.

In charge of the I.O.D.E. stall held every week for the Ganges Chapter war work fund, Mrs. J. C. Kingsbury and Mrs. Harold Lees realized \$17.60.

Mrs. P. Mahoney was elected president at the last meeting of the Langford Subdivision of the Catholic Women's League. Mrs. N. Bedard is vice-president, and Mrs. W. R. Scafe secretary-treasurer.

Dorothy Dix

ERRING WIVES PAY HEAVILY

The philandering husband has always been a familiar figure in our midst, but the flirtatious wife has been a more or less rare bird. Of course, there were specimens of her here and there, but she was still uncommon enough to be pointed out as an object of interest and to furnish food for gossip. But of late years, the species has been increasing so fast that the married woman with her boy friend is no longer a zoo exhibit. She is just a bedraggled hen who is trying to act like a pullet, and who hasn't gumption enough to know that her fly days are over, and that if she has a good, safe roost pole she had better stay on it.

And whether the loosening of morals among wives is due to the times and the changing of standards of conduct, or whether women have decided that men have no right to monopolize un-

faithfulness, and that what is sauce for the gander is also sauce for the goose, no one knows. Certainly the modern women has no more reason for scrapping

her marriage vows than her Grandmother had. Indeed, far less. For while Grandpa was no doubt a noble, Christian character, he was a petty tyrant as a

husband, and no wife nowadays would put up with being treated the way he treated Grandma. Also, the women in the past must have lost their tastes for their

husbands as often as they do now, but they stuck to their bargains and sat by their cradles, instead of stepping out with play boys.

Use CERTO and get ONE-HALF MORE JAM or JELLY from the Fruit you buy

MAKE your jams and jellies with Certo this season and you'll put 50% more jam or jelly on your pantry shelf than you will if you use the old-fashioned, long boil method.

And with Certo you'll not only get extra quantity but extra quality, too. For Certo jams and jellies taste far better—look more appetizing. You make them in about one-third the time and you get sure results.

Why Certo is Such a Help in Wartime

CUTS DOWN BOILING TIME

Making jam and jelly with Certo is quick and easy. For jam you need only a one-to-two-minute full rolling boil... for jelly only a half-minute to a minute. This saving of your time, energy and fuel is important in wartime.

MORE JAM OR JELLY

The Certo boil is so short that practically no fruit juice can go off in steam as it does, during the old-fashioned long boil. The saving is so great that you get about one-half more jam or jelly without any increase in the amount of fruit you use.

NATURAL TASTE AND COLOUR

The short Certo boil does not affect natural fruit taste and colour as long boiling does. Jams and jellies made with Certo retain all the luscious taste and colour of the fresh fruit.

SURE RESULTS—NO GUESSWORK

With Certo you get a book of tested recipes—a different recipe for each fruit. Follow exactly the recipe for the particular fruit you are using and you can't go wrong. You'll make delicious jam or jelly with the greatest of ease.

WHAT CERTO IS

Certo is fruit pectin—the natural jelling substance in fruit—extracted from fruit in which it is most plentiful. It allows you to make jam or jelly from fully ripe fruit instead of the under-ripe fruit called for in old-fashioned recipes.

A pound of jam or jelly made the Certo way contains no more sugar than a pound made the old, long boil way.

Look for Book of 72 Tested Recipes under the label of every Certo bottle.

R.C.A.F. Clubs Victors

Any fastball fan, desiring a complete contrast in ball games, should certainly not have stayed away from Athletic park Tuesday night, when the association staged its regular senior men's double-header.

The first game, between R.C.A.F. Blues and Army, finished in the record time of 35 minutes, didn't have a dull moment, and resulted in a R.C.A.F. win 4 to 1.

From the first inning, when Army went into a 1 to 0 lead, it was a pitchers battle until the last frame when Norman Martin, Army flinger, weakened. After pitching six innings of one-hit ball he allowed three hits, one a big homer to bring in four runs. During the game he struck out nine and walked two.

George Sperling, Blues heaver, backed up by some near perfect fielding, got through his evening's toil with four "ones" on his score card: One hit, one run, 1 strikeout and one walk. At short, fast-moving Norm Baker turned in a neat piece of work. Though erring a couple of times he gobbled up everything in sight, and his throws to first baseman Stout, were masterpieces of speed and accuracy.

In the last-frame winning rally by the Blues' right fielder Dunlop was the curly haired boy with

his home run clout to left centre with two runners ahead of him. Pop Day had previously crossed the plate with the tying run on a wild pitch. Army's lone marker in the first was earned when Grunder singled to bring in Hobbs.

The second exhibition between league-leading R.C.A.F. and Douglas Tire should only be mentioned; if at all, in whispers. The score, after a wild jamboree of heavy stick work, umpire baiting, errors and very wild throws, finally resulted in a 19 to 5 win for the Flyers. Wally Smith, master strategist for the Tires, transformed infielders into outfielders and outfielders into catchers with no regard for a score-keeper's sanity whatsoever, but the only noticeable result was more clouting from a riotous Flyer crew. The pitchers in this unforgettable battle were Crimble, for the Flyers, who allowed four hits, and for the Tires, Leung, who donated 13. Tires helped the cause along with eight boots in the field.

On July 13 a Vancouver Senior A fastball team will be over for a double header.

Short scores follow:

R. H. E.	
R.C.A.F. Blues	4 1 0
Army	1 1 2

Armstrong Beaten

LOS ANGELES (AP)—John Thomas won a unanimous 10-round decision Tuesday night over Henry Armstrong, former triple titleholder, evening the score for a defeat administered by Armstrong here a month ago. Thomas weighed 139, Armstrong 139½. Both are local fighters.

Armstrong won only the first, seventh and 10th rounds, against seven in his victory last month.

TIGER JACK FOX WINS

SPOKANE, Wash. (AP)—Tiger Jack Fox, Spokane, 176, won a 10-round decision Tuesday night from Sailor Jimmy Casino, Terra Haute, 173, weathering the sailor's vicious final-round comeback to win on points after dropping Casino for a nine-count in the seventh.

Batteries—Sperling and Williams; Martin and Gervard.

Cards Look Shoo-In; Browns Face Battle

St. Louis Cardinals are regarded as a shoo-in to the National pennant with a 10½ game lead, but St. Louis Browns face the toughest sort of a struggle in the American from all sides, currently from the Boston Red Sox who trail by only 1½ games after winning seven of 11 since returning to Fenway Park.

Southworth's Cards are hotter than the proverbial cannon cracker with six in a row, the latest pair at the expense of the New York Giants, 6 to 2 and 9 to 1.

Mort Cooper, who has been overlooked because of a shaky start due to a sore arm, rang the bell for his seventh straight win, trimming Harry Feldman and Harry Brecheen boosted his record to 6 and 1 by downing Rube Fischer in the second game.

Brooklyn's toboggan slide continued as the Dodgers slumped to their eighth straight loss by bowing twice to Cincinnati 6 to 2 and 2 to 1 in 10 innings. Rookie Arnie Carter and Harry Gumbert were the winners over Hal Gregg and Ralph Branca, but Gee Walker's grand slam homer in the opener was the thrill of the day.

Chicago hopped out of the basement by three percentage points over the Boston Braves by stopping Bob Coleman's crew 7 to 1 and 4 to 2.

Pittsburgh hung to second place by five slim percentage points over the Cincinnati Reds by taking the second game from the Phillies 4 to 0 after bowing to Al Gerheuser in the opener, 3 to 2.

The Browns divided two with Philadelphia, winning the early game 4 to 0 as Sig Jakucki tossed his third shutout in his last four starts to decision Bobo.

Newcomer Al Hollingsworth failed in the finale as Luke Hamlin cuffed the leaders 8 to 3.

Cleveland beat the New York Yankees' prize rookies, Alta Duibel and Joe Page 3 to 1 and 7 to 2, with manager, Lou Boudreau showing the way in the field and at bat. Chief Reynolds and Ray Poat were the Tribe's winners.

Boston clung to the runner-up spot as Joe Bowman decided Johnny Gorsica 7 to 4 and Bobby Doerr batted in five runs after Hal Newhouse had hung up his 12th win at Clem Hawnmann's expense 4 to 3. Washington split with Chicago, the Nats scoring 2 to 0 behind Johnny Niggeling the Sox copping the second 3 to 2.

Gyro Hole-In-One Competition, Carnival Will Aid the Solarium

Victoria citizens in the thousands will be invited to play penny pitch and bingo, and dance, and all in aid of a good cause, when the Gyro Club opens its fifth annual Solarium Carnival and hole-in-one golf competition at the Central Junior High School grounds, tonight, starting at 7.

The carnival will be staged each evening through to Saturday with the program on the final day, starting at 2.30.

A 25 cent ticket purchased on the grounds, or from any Gyro member, will entitle the visitors to three chances on the daily tombola prizes and three chances on any one of the many games and sports offered.

The drawing for the main tombola prizes will take place Saturday, with a \$200 Victory Bond as the main prize.

All proceeds raised will be in aid of the Solarium, and Gyro members have asked Victoria to turn out en masse to have "an evening of fun, and at the same time help some little lame child to walk again."

A highlight of the summer carnival will be the hole-in-one competition which will be played on a professional green. For 25 cents visitors may have three shots for the grand prize of a \$50 Victory Bond. There will be daily prizes and anyone sinking a hole-in-one will be rewarded with a \$10 bill.

Dancing, bingo, crown and anchor, over and under, penny pitch and tombola are among the carnival games set up and ready for amusing the Victoria public from tonight until Saturday. "Come and bring your friends to the Central High grounds," is the Victoria Gyro watchword for the carnival.

**Premier, Mayor, Luney
First to Tee Off**

The official opening of the Gyro-Solarium hole-in-one contest will be performed by Premier John Hart, Mayor Andrew McGavin and Walter Luney, president of the Queen Alexandra Solarium. These players will tee off from the platform at 8 tonight.

A group of children pictured at the Queen Alexandra Solarium in whose aid the Gyro Club will stage its hole-in-one competition and carnival. Children from all parts of Vancouver Island, the Mainland and Gulf Islands are treated daily. An outdoor salt water swimming pool and a fresh water pool and playground built by the Gyro Club of Nanaimo, provide both medical treatment and healthy recreation for the youngsters.

'Help Us to Help Them', Gyro President Pleads

"It is with pleasure I announce the fifth annual Gyro Club Carnival and Hole-in-One Contest for the purpose of raising much-needed funds for the Queen Alexandra Solarium," said Fred Hawes, president of the Gyro Club today.

"Now more than ever before, the Solarium must have public help. During 1943, the number of crippled children successfully treated at the Solarium was larger than in any previous year. Since 1927, over one thousand boys and girls have been cured of some of the rarest crippling conditions, and thus their happiness and chance for success has been assured.

"It may be your donation which will play a great and important part in straightening a twisted

FRED HAWES

limb, or in helping to restore to a handicapped child the health and happiness that is rightfully his. The majority of the parents of these crippled children haven't the money to pay the total expense required to carry out this work, and therefore the Solarium depends in part on public support.

"The Victoria Gyro Club could think of no worthier cause to support, and I urge every one of you to give whatever you can towards the maintenance of this great work. Come to the Gyro Carnival and help us to help them."

A Gyro brings cheer to children in the Solarium.

Dr. D. W. Davis Fourth Fatality In Car Collision

DUNCAN (Special)—Dr. D. W. Davis, 57, for 20 years a physician at Kimberley, B.C., and more recently general practitioner at Vancouver, died at 7 Tuesday night at King's Daughters' Hospital here of injuries suffered in the Dominion Day auto crash on the Malahat.

Dr. Davis, whose wife was almost instantly killed in the crash, became the fourth fatality. Lewis A. Hodgins, 44-year-old Yarrow's foreman machinist, Victoria, and Arthur Overholt, also a Yarrow's workman, had died earlier of injuries suffered in the crash.

Three others, passengers in the northbound car driven by Hodgins, suffered shock, bruises and cuts and one of these who suffered a fractured vertebrae is recovering.

Coroner A. E. Greene opened an inquest at Davis' Funeral Parlor here Tuesday night. After the four bodies had been identified by Dr. D. S. McHaffie, who attended at the accident scene and looked after the injured in hospital, the inquest was adjourned until 2:30 the afternoon of July 12. The bodies were released following the adjournment.

Dr. Davis is believed to be survived by two sons, Sub-Lt. John Davis, who is expected here today by air from Halifax, and another son who is believed to be at sea on convoy duty and as yet has not been notified of the death of his parents.

Funeral arrangements for Dr. Davis and his wife, who was 58, and a native of Ireland, will be announced after arrival of the son.

The body of Overholt will be transferred to Victoria. Funeral service and burial will probably be at Lethbridge, where his wife is now living.

Funeral services and burial for Hodgins will be in Victoria.

At the inquest, Coroner Greene suggested the jury should prepare to attend at the accident scene, but the jury felt this would be unnecessary when pictures taken by Cpl. John A. Henry of the B.C. Police were presented.

EYEWITNESSES OF CRASH

Besides the three passengers in Hodgins' car who survived the collision, which occurred at Mile 26½ from Victoria, police plan to summons two eyewitnesses of the crash who were proceeding south on the Island Highway ahead of the car driven by Dr. Davis. Police today would not give the names of this man and his wife.

All Canada Represented At Naval College Ceremony

Several hundred guests witnessed the graduation ceremonies at the Royal Canadian Naval College at Royal Roads today. Most cities in Canada, from as far east as Halifax, N.S., were represented. The list of guests follows:

Capt. and Mrs. B. German and Miss German, Cmdr. A. R. E. Coleman, D.S.O., Cmdr. and Mrs. F. F. McCrimmon, Cmdr. J. McFetrick, E.M., Capt. A. D. M. Curry and Mrs. Curry, Cmdr. R. P. Ponder and Mrs. Ponder, Surg. Cmdr. H. S. Morton and Mrs. Morton, Surg. Lt. Cmdr. L. J. Walters, Cmdr. J. H. Young and Mrs. Young, Capt. R. P. Kingscote and Mrs. Kingscote, Cmdr. J. D. Laurie and Mrs. Laurie, Cmdr. H. R. Tingley and Mrs. Tingley, Cmdr. (E.) T. Fife and Mrs. Fife, Lt. Cmdr. A. N. Westwood and Mrs. Westwood, Lieut. P. Taylor and Mrs. Taylor.

Maj. R. McC. Horsey Leads Raid in Italy

Maj. R. McC. Horsey, son of Mr. and Mrs. E. N. Horsey, 1023 Joan Crescent, Vancouver and Victoria, commanded a company of the Carleton and York Regiment when that New Brunswick unit helped storm the Hitler Line in Italy, according to a Canadian Press dispatch from Canadian Corps headquarters.

When the regiment entered the Liri Valley battle May 16, opposition was light. Under cover of darkness, Maj. Horsey took part in a foray which netted 20 German prisoners.

Town Topics

Church Vacation School, for children from 5 to 12 years of age living in Victoria central area, will be held in First United Church school from 9 to 12, from July 10 to 21.

A meeting of the Highland Association will be held Friday at 8, in the Y.W.C.A. The meeting's purpose is to arrange the program for the Highland Games to be held July 29 in Macdonald Park. A full attendance is requested.

Suffering bruises and shock when the bicycle was riding and a truck driven by David Paterson, 412 Avonlea Road, were in collision at Fort and Broad Streets Tuesday, Mrs. H. W. Look, 1319 Bond Street, was treated by Dr. J. H. Moore.

A soldier, whose name is being withheld by the army, is in a critical condition at Victoria Military Hospital today with a fractured skull, suffered Tuesday night when the motorcycle he was riding piled up near Luxton. With the soldier still unconscious, the cause of the accident has not been determined. Next-of-kin have been notified.

R.A.F. Mosquitos Block Kiel Canal In Daring Raid

By ALAN RANDAL
(Copyright, 1944, by the Canadian Press)

LONDON—In one of the most daring efforts ever carried out by the R.A.F. bomber command, a section of Germany's Kiel Canal was blocked by a low flying mine-laying force of Mosquitos in May, effectively tying up the canal and stranding hundreds of tons of shipping at its Baltic end, the Canadian Press learned today. Several Canadians were among the crews.

Later today the Air Ministry issued an announcement describing the operation. Previously there had been no official disclosure of this undertaking.

Only one of the plywood bombers was lost from a single Mosquito squadron staging the attack May 12, the Air Ministry disclosed, estimating that "not less than 1,000,000 metric tons of cargo to and from overseas, and about half that amount of coastwise cargo were held up."

100 SHIPS HALTED

The canal connects the Baltic and the North Sea. The mines were sown along a 3½-mile stretch at the Baltic end, and aerial photographs indicated that after a barge had blown up in the waterway, more than 100 ships were halted in the Baltic.

The feat halted movement of Swedish iron ore and coal just when breaking of the ice had opened the season for peak traffic. A diversionary attack was made against a land target nearby at the same time.

The air ministry said Lancasters mined the Koenigsberg Canal April 10, blocking it for 15 days when the Russians were driving the Germans back in the Leningrad sector. Koenigsberg is a main base of German seaborne supplies to that front, and blocking of the artery "must have been disastrous to German communications." No planes were lost in that attack.

LIKE MOINE RAID

The Kiel undertaking was as remarkable as the breaching of German dams in the Ruhr Valley in May, 1943, by the R.A.F., the Ministry said. Airborne mines were modified for the Kiel Canal job. The Mosquito crews got special training by dropping dummies on English canals.

Several Canadians flew in this section of the bomber command's vaunted precision force which thus—a short time before D-Day—sealed up a large portion of Germany's shipping in the Baltic. Magnitude and importance of the operation cannot be overestimated, particularly when it is considered that a large amount of Allied naval power was thus released for invasion duties which otherwise would have had to be assigned to take care of German ships slipping from the mouth of the canal into the North Sea.

It is believed this was the first time Mosquitos were used for mine-laying. They were chosen because of the terrific speed with which they could get into what is from the air a minute target—a stretch of canal only 3½ miles long—and get out again safely.

The plan was believed to call for all the mines to be sown within three minutes. Each aircraft had only 6½ minutes to do its job and there was only a short stretch of canal where it was considered possible for the aircraft to get in against the super defences, lay the mines and get out again.

FLEW BETWEEN SHIPS

Lancasters which did the Mohne Dam busting, would have been too slow and too heavy to carry out this task successfully. Some of the Mosquitos had to fly directly between enemy flak ships to reach the target.

There is no formation flying on a mission like this. After the briefing each crew was on its own for the actual target effort.

A report from Stockholm said that one of the giant mines was found in a spot where it could be removed. It was taken to Kiel and is said to have blown up while being dismantled, killing 47 Germans.

Immediate awards followed the mission, but no details of the operation were given out. The citation said: One night in May, 1944, several crews of Mosquito aircraft were detailed for a difficult and dangerous mine-laying mission. The operation called for the highest standard of skill and accuracy.

CALM COURAGE

"In the face of intense anti-aircraft fire, balloon defences and considerable searchlight activity, the attack was pressed home with great precision at low level. That complete success was achieved in spite of such hazards is a high tribute to the calm courage and iron determination shown by the officers who participated in various capacities and members of aircraft crews.

Births, \$1.00 per insertion. Marriages, in Memorial Notices, Cards of Thanks, not exceeding 10 lines, \$1.00 per insertion. Each additional line, 50c.

Deaths, Funeral Notices, not exceeding 10 lines, \$1.00 first insertion, and \$1.00 for each subsequent insertion. Each additional line, 50c.

In computing the number of words in an advertisement, the number of lines, including and each abbreviation count as a word.

The Times will not be responsible for more than one incorrect insertion of any advertisement. Claims for return of money on account of errors or omissions must be made within 10 days from the date of the same, otherwise the claim will not be allowed.

Confidential Replies to Box Numbers—Readers may reply without endorsement. Name those you do not wish to be known, and if you wish the advertiser your letter will be destroyed.

Advertisers who desire to have replies addressed to a box at the Times Office and forwarded to their private addresses, a charge of 10c is made for this service.

Announcements

BIRTHS

HIBBERT—To Mr. and Mrs. C. R. Hibbert, Junior, July 4, at Royal Jubilee Hospital, on July 4, a daughter, Diane May.

(P.M. papers please copy)

MARRIAGES

COX-LANGLEY—Mr. and Mrs. W. Langley, 2071 3rd Street, announce the marriage of their only daughter, Mrs. W. Langley, to Mr. C. R. Langley, son of Mr. and Mrs. C. R. Langley, 2071 3rd Street, on July 4, 1944, at 8 p.m. at the Church of Our Lord, when the Rev. T. H. Langley officiated.

DEWIDNEY-ARNOTT—A very quiet service of solemnization of matrimony between Ruth, daughter of Mr. and Mrs. Thomas Arnott, and Arthur J. Dewidney, son of Mr. and Mrs. A. J. Dewidney, was held at the home of the bride, 1000 1/2 1st Street, on July 4, 1944, at 8 p.m. The Rev. A. E. Whitehouse performed the ceremony.

DEATHS

RASK-ROSE—At the United Church House, on Friday, June 30, 1944, Mary Rose, daughter of the late Mr. and Mrs. C. Rose, of Broadview, B.C., became the bride of John Alfred Rask, formerly of Broadview, B.C., and now of the Victoria branch of the Rask family.

DOMINION
RIO THEATRE
Already noted for its ability to bring novels to the screen sincerely and faithfully, 20th Century-Fox is pointing with exceptional pride to its latest, Mary O'Hara's "My Friend Flicka," the Technicolor picture currently holding forth at the Rio Theatre. Roddy McDowall, Preston Foster and Rita Johnson head the cast of the outstanding film. As a novel, "My Friend Flicka" established new records both in book form, and in the number of times it was reprinted.

PLAZA THEATRE
When Leslie Brooks got a new, white satin formal, to celebrate completion of her featured role in Columbia's technicolor "Cover Girl," currently co-starring Rita Hayworth and Gene Kelly at the Plaza Theatre, she didn't let the lack of a shoe ration stamp stop her from going dancing. Now that she has gotten away with it, Leslie confides that she bought some white satin bedroom slippers, fixed them up a little, and was far more comfortable than she might have been in new shoes.

YORK THEATRE
"You'll Never Get Rich," stars Fred Astaire and Rita Hayworth at the York Theatre. Columbia's sparkling musical comedy, with hit tunes by Cole Porter, the cast includes Robert Benchley, John Ince, Donald MacBride and Guinn Williams.

CAPITOL THEATRE
Those who loved the Grimm Brothers' fairy story of "Snow White and the Seven Dwarfs," now at the Capitol Theatre, will find that, except for a few minor changes to suit the motion picture medium, Walt Disney's feature-length version of the tale closely follows the original. The picture is having a rousing vogue on the motion picture screens of America.

DOMINION THEATRE
A simple, moving story of England's plain people in wartime shows at the Dominion today under the title of "Meet Mr. London." The picture is based on two novels by Robert Greenwood, "Mr. Bunting" and "Mr. Bunting at War," and as presented by a superb cast, it becomes a part of the life of a few of those great little people who kept England going when she stood alone. The story, rather a bit of personal history than a piece of fiction, with a well worked-out plot.

Cabeldu, Wightman Appear in Newsreel

Two well-known Victorians who were wounded while serving with the Canadian Scottish in France, Lt. Col. Fred N. Cabeldu and Maj. Cyril Wightman are in the news reel this week.

In a film taken by the United States Army Signal Corps of the invasion of Normandy which closed at the Capitol Theatre Tuesday night and opened a three-day run at the Atlas Theatre today, Cabeldu and Wightman are shown prominently in action with the Canadian forces.

Cabeldu is studying a map with several of his men while Wightman is pictured in a shelter.

Cabeldu and Wightman have both been reported wounded and believed to be in hospital "somewhere in England."

Big Film Triumph To Open at Atlas

One of the most widely heralded screen productions of the year, the 20th Century-Fox picture of Charlotte Bronte's celebrated novel, "Jane Eyre," opens tomorrow at the Atlas Theatre.

Orson Welles, as Edward Rochester, is co-starred with Joan Fontaine in the title role. The cast also includes Margaret O'Brien, Peggy Ann Garner, John Sutton, Sara Allgood, Henry Daniell, Agnes Moorehead, Aubrey Mather, Edith Barrett, Barbara Everest and Hillary Brooke.

It is difficult to imagine a picture more replete with comic situations than "George Formby" in "Keep Your Seats, Please," yet that distinction may fairly be accorded to his latest offering, "Kiddie," now being presented at the Capitol Cinema. So packed is the story with mirth-evoking action that at times the laughter makes the ensuing dialogue almost inaudible. George has the role of a young assistant in the barber's shop of a department store.

YORK THEATRE
"You'll Never Get Rich," stars Fred Astaire and Rita Hayworth at the York Theatre. Columbia's sparkling musical comedy, with hit tunes by Cole Porter, the cast includes Robert Benchley, John Ince, Donald MacBride and Guinn Williams.

CAPITOL THEATRE
Those who loved the Grimm Brothers' fairy story of "Snow White and the Seven Dwarfs," now at the Capitol Theatre, will find that, except for a few minor changes to suit the motion picture medium, Walt Disney's feature-length version of the tale closely follows the original. RIO—"My Friend Flicka," starring Roddy McDowall.
YORK—"Fred Astaire in 'You'll Never Get Rich.'"

Toronto M.P. Urges More Expenditure On Prairie Works

OTTAWA (CP)—Water and more of it for southern Saskatchewan is one of the pet projects of John R. MacNicol, P.C., Toronto-Davenport, retired Toronto manufacturer, who since his entry into politics spends his spare time touring Canada and making personal investigations of various economic problems.

Mr. MacNicol Tuesday took advantage of the budget debate in the Commons to renew his previously voiced arguments for large dams, irrigation and power developments on the South Saskatchewan River. This time he argued with special reference to the needs of Regina and Moose Jaw which, he claimed, could not develop further without a more abundant and assured water supply.

As a citizen and member for Toronto, Mr. MacNicol said he had no apologies for speaking on behalf of the western cities. Progress and development of the west meant more business for the industries of his own constituencies and the west had not got its due in the past.

Commons members, who have said they felt the pinch of income tax indemnities stretched thin by long sessions, listened cheerfully as Rev. Dan McIvor, L., Port William, suggested to Finance Minister Bailey a way out of their difficulties.

Mr. McIvor suggested first that the indemnities should be reduced from \$4,000 to \$2,000 annually. Then he would have each member allowed, \$2,000 annually for a car allowance on which no tax need be made. A car allowance of this amount now is allowed cabinet ministers.

Speaking in the budget debate, Mr. McIvor said he had to use his own automobile as much as any minister or other member of the House.

LACOMBE SUSPENDED
Tuesday's sitting was enlivened by the unusual event of a member being "named" and suspended for seven days. The named person was Liguori Lacombe, member for Laval-Two Mountains, Que., founder, leader and sole Parliamentary representative of the Canadian Democratic Party.

2ND SUSPENSION
The Speaker moved against Mr. Lacombe for interruptions in a speech by Maxime Raymond, Bloc Populaire leader. After the naming the House unanimously passed a resolution suspending for seven days. The named person was the centre of the last naming incident in March, 1942, when he was suspended for one sitting.

MacMillan Counsel, Manufacturers' Head Clash at Inquiry

Verbal clashes between J. G. Robson, chairman of the trade extension committee of the B.C. Lumber and Shingle Manufacturers' Association and D. N. Hossie, K.C., counsel for H. R. MacMillan Export Company Ltd. and Canadian Western Lumber Company Ltd., highlighted the afternoon session of the Forest Inquiry Tuesday, before Mr. Justice Gordon McG. Sloan.

Mr. Robson had presented a brief on lumber trade extension, in which he outlined formation of the committee which, he said, included a substantial majority of independent log producers as well as lumber and shingle manufacturers, under leadership of the B.C. Lumber and Shingle Manufacturers' Association, who recommended to the provincial government in 1929 that a "constructive program of aggressive trade promotion be undertaken on a co-operative basis with the industry."

"Throughout the world depression of the 30's, and in the face of mounting tariff barriers and restriction of world trade, new export markets were established and production and employment was sustained and expanded," he said in the brief. "B.C. lumber exports were built up in Empire markets from 161,000,000 board feet in 1929 to 1,229,000,000 in 1939. By 1939 B.C. supplied approximately 20 per cent of the total United Kingdom softwood imports against 2 per cent in 1929."

"I refuse to be technical. I won't say yes or no to that question," Mr. Robson stated when asked to give a definite time period for one of the statements made in the association's brief.

DIRECT CONTACTS
He had said that for the first time in history of lumber export trade, direct contacts were established between the actual producers in B.C. and the buyers in principal overseas markets, and Mr. Hossie asked whether he referred to the years before 1929, or 1929 and subsequent years, the committee having been formed in 1929.

After mentioning the B.C. Mills and Trading Company, Mr. Hossie asked: "Were there any other companies who kept direct contact with buyers before?"

"There may have been in a small way," Robson replied.

A grant of \$50,000 for lumber trade extension work was authorized by the provincial government in 1929 on the basis of an equal contribution put up by industry, Mr. Robson told in the inquiry, and added that joint trade extension committee, composed of representatives of the B.C. Lumber and Shingle Manufacturers' Association, the B.C. Loggers' Association and the provincial government forest service, was set up as an advisory council to administer the fund.

Under examination by Mr. Hossie, he said efforts of the trade extension committee were for the benefit of the industry as a whole, both those inside and outside of the B.C. Lumber and Shingle Manufacturers' Association. His association represents approximately 65 per cent of the lumber industry on the coast and part of the remaining 35 per cent have tried to scuttle the work of the committee, he said.

"Could not the government hire the men for the trade extension work?" Mr. Hossie asked. "Is the government better off to let the committee run things rather than run it themselves?"

"TOUGH FELLOWS"
"Actual business is a good place for the government to keep out of for they are up against tough fellows like H. R. MacMillan and Jim Robson," he countered.

Mr. Hossie queried at length on the matter of expenses for delegates of the committee when they go abroad, and Mr. Robson said expenses were partially paid.

"People have done their utmost to scuttle our efforts. I don't think it right that they should seriously question something that has been beneficial to the whole industry," he remarked at one point.

"If you did not have this organization and control of government funds, you would be making just as big an effort on your own behalf, would you not?" asked Mr. Hossie.

Mr. Robson answered: "There might come a time when we would be better off to go it alone if we are going to have continual interference. The government has seen that the work has been very beneficial to the province."

When questioned by Mr. Justice Sloan, the witness said that the committee felt that the work to be successful must be under their direction. He voiced objection to the suggestion of government nomination to the committee, and said the work of the committee would go on the rocks if not built and maintained on good will.

CHEMAINUS CLOSE TO OCEAN

A dear little white cedar siding bungalow. Living-room, brick fireplace, bedroom, 4-piece bath, built-in and show kitchen, tiled sink and cook-top, separate garage and workshop; cement walks and driveway, pretty garden etc. All \$2750

Elected President

JAMES H. BEATTY

At the 48th annual meeting of the Business Educators' Association of Canada held in Toronto, James H. Beatty, president of the Sprott-Shaw School of Victoria, was elected president of that organization.

Mr. Beatty flew east to attend the meeting and has just returned to the city.

Business Educators is an association of owners and managers of large privately-owned Canadian business colleges from coast to coast. Its purpose is to develop and maintain high standards of business education in Canada.

Vice-president is R. J. Service, Windsor Business College, Windsor, Ont.

Highlights of the meeting, Mr. Beatty reports, were addresses by J. L. Seitz, president of Underwood Elliott Fisher Ltd.; H. R. Beatty, newly-appointed director of guidance for the province of Ontario; and Walter C. Thomson, K.C., of Toronto. Much discussion was given to increasing in every possible way the service to students and improving the courses and variety of instruction given in the affiliated schools and colleges of the association.

Aged Woman's Home In Nanaimo Burns

NANAIMO—An 85-year-old woman, Mrs. Elizabeth Bromlow, lost all her possessions but for a few personal belongings when her Chelsea Street home, in which she lived alone, was destroyed by fire Tuesday. The blaze was caused by adjacent bush fires.

Left 33 Descendants

NANAIMO—A resident of Vancouver Island for 87 years and of Nanaimo for 83 years, Mary Ann Hunter died in Nanaimo Hospital Tuesday. She came from England with her father, the late William Hunter, 89 years ago.

Surviving are two sons, Fred and William, Nanaimo; a daughter, Mrs. George Fried, Renton, Wash.; 19 grandchildren, 10 great-grandchildren and one great-great-grandchild.

Gray Hair? Keep it your own secret

Why advertise the fact that you are getting gray—that your hair is older looking? Keep it to yourself. It's now easy to hide those gray tresses.

The new Instant Barbo imparts a natural looking color to gray, faded hair just about as easily as shampooing it. Makes it prettier, younger looking—takes years off your looks. Gives a professional looking job at home. Quick and positive in action. From one of its 3 shades, No. 1 for Black, No. 2 for Brown, No. 3 for Blonde Hair, practically any shade is easily matched. Does not wash out, rub off, stain the scalp or affect permanent. Caution: Use only as directed on label. You can't go wrong if you follow the simple instructions. Get Instant Barbo today from your druggist for only 70c. Ortez Mfg. Co., 159 Spadina, Toronto, Ont.

THIS WAR—FOUR YEARS AGO
July 5, 1940—Royal Air Force planes attacked Nazi naval bases at Kiel and Wilhelmshaven and Italian bases in Libya and Italian East Africa. Hon. J. L. Ralston was sworn in as defence minister in the Canadian government.

Romanian government orders British oil men to leave country. Alaska has but one person for every 10 square miles of territory, in contrast to 43 to every 10 square miles in the United States proper, 6,850 in Great Britain, and 3,750 in Japan.

DOES INDIGESTION WALLOP YOU BELOW THE BELT?

About 20% of Food
Digested in Stomach

About 80% Digested
in 28 Feet of Intestines

When Indigestion Strikes, Help Your "Forgotten 28" For The Kind Of Relief That Helps Make You Rarin' To Go

More than half of your digestion is done below the belt—in your 28 feet of bowels. So when indigestion strikes, try something that helps digestion in the stomach AND below the belt. What you may need is Carter's Little Liver Pills to give needed help to that "forgotten 28 feet" of bowels. Take one Carter's Little Liver Pill before and one after meals. Take them

according to directions. They help wake-up a larger flow of the 3 main digestive juices in your stomach AND bowels—help you digest what you have eaten in Nature's own way. Then most folks get the kind of relief that makes you feel better from your head to your toes. Just be sure you get the genuine Carter's Little Liver Pills from your druggist—25¢.

Air Cadets Keen and Eager In New Summer Headquarters

By ALLAN JENKINS

From the Kootenays, Vancouver Island, Vancouver and Powell River have come 228 keen and eager cadets for their second annual camp at Patricia Bay, R.C.A.F. Station. For the first time in Canada, they have been given the opportunity of going up for flights in R.C.A.F. aircraft.

Welcomed by Group Capt. D. B. Hobbs, D.S.O., D.S.C. and Bar, officer commanding the station, and R. H. B. Ker, Dominion director of the Air Cadet League of Canada, a group of five air cadet league officials arrived in Patricia Bay from Vancouver in an R.C.A.F. plane Tuesday morning to inspect the cadet camp.

The group, headed by Sqdn. Ldr. A. W. "Nick" Carter, vice-president of the league, included P.O. George Dixon, member of the B.C. provincial committee; F.O. R. Wintemute, adjutant of Vancouver's 11th Squadron, Canada's "original" air cadet squadron; V. Clertue, honorary secretary-treasurer of the provincial committee, and A. Mitchell, member of the provincial committee.

The group inspected air cadet quarters. Last year the cadets camped under canvas, but this year the camp was well accommodated with the new quarters.

Inspection was made of the cadets' mess hall, in which the air cadet officers also dine. It was a large and well-ventilated hall, with a modern, well-equipped kitchen operated by four R.C.A.F. cooks under the direction of an expert dietitian, a section officer of the W.D.

N.C.O.'S ON KITCHEN FATIGUE

Each of the 10 flights in camp take their turn at kitchen fatigue, one flight a day. On Tuesday it was Flight 57, which, but for an A.C.I. is composed entirely of senior noncommissioned cadet officers. The lone A.C.I., E. W. Bishop, of Vancouver, said that kitchen fatigue was "not bad," but when asked if he would not be glad when he was finished, said "darn tootin'." They were just boyish enough to enjoy it.

The cadet camp is under the command of Sqdn. Ldr. Guy Symonds, air cadet liaison officer, who is assisted by Flt. Lt. P. C. Routley.

The cadets are provided with a good canteen providing soft drinks and candy bars, along with table-tennis and a number of other indoor games.

The band played, expertly, a piece for the inspection party. Recruiting for the band, a portion of the 11th Squadron began in January of this year, but it was not until they got their trumpets in April, according to Sgt. E. Morland, equipment sergeant from the liaison office, that they got well under way.

The band now has 34 bandsmen, and is one of the first bands in Canada to use plastic trumpets, according to Sgt. Morland.

In the afternoon, sports were held under the direction of F.O. Grant Paterson, general convener of sports programs. Prizes for the boys, laid out in the orderly room, included air-force blue money belts, pocketbooks, and a leather writing case, all bearing the R.C.A.F. crest, and pens and pencils, which were provided by the B.C. provincial committee of the league. The committee also provided sports equipment for the league.

The sports included running championships for junior, intermediate and senior classes, and a relay between districts represented at the camp.

FIVE-MILE MARCH

Last Sunday, the cadets went on a five-mile march to Deep Cove, where they had swimming and games. While there, said F.O. Paterson, they managed to consume over 1,000 sandwiches, 10 gallons of tomato juice, over 15 gallons of grapefruit juice, and five cakes baked in trays measuring about two feet square.

When it came time to go back, he said, all were willing to repeat the march, except two lads, one having cut his foot bathing and the other having sprained an ankle. But, he said, it was not necessary, for R.C.A.F. drivers had given up their Sunday evening off to go out and give the boys a ride back. The cadets, completely surprised, he said, piled in gratefully.

COMMANDO COURSE

On Monday the cadets took an assault course, the regular commando course laid down for R.C.A.F. personnel, which included water hazards. The water hazards, it was said, delighted the boys who did not mind a bit when, missing a hanging rope, they were plunged into water and mud waist-high.

For the course they wore trunks, shoes and shirts. To the delight of the officers, the youngsters, having finished the course, came back with the band, bugles blowing, drums beating and shirt-tails flapping, and completely happy.

Attached to the cadets for the

summer camp is F.O. Raymond Smith, 20, holder of the D.F.C., North Africa Star, and Canadian volunteer service medal with maple leaf.

F.O. Smith, who joined the 11th Squadron at its inception in Jan. 1939, while he was attending King Edward High, is the second ex-Canadian air cadet who has gained the D.F.C., and the first to return to Canada. He joined the R.C.A.F. in Sept., 1941, going overseas early in 1942. He was a thoroughly disappointed when he arrived back in Canada two days before the start of the invasion.

Squadrons represented at the first of three camps to be held at the R.C.A.F. station this year are: 22nd, Powell River; 57th, Vancouver Technical School; 75th, Trapp Technical School, New Westminster; 11th, Vancouver; 196th, Michel-Natal; 231st, Fernie; 233rd, Trail; 257th, Lady Smith; 266th, Sullivan; 267th, Alberni; 322nd, Cranbrook; 324th, Revelstoke; 364th, Maceo High School, Vancouver; 366th, John Oliver High School, Vancouver; 367th, King George High School, Vancouver.

C.C.F. report from Ottawa by M. J. Coldwell, C.B.R. tonight, at 7.30.

Kiwanis President

BEN DEAN.

An advertising executive and former newspaper editor, who long has been one of America's top spokesmen for the free enterprise system of government, will guide Kiwanis International's more than 2,200 clubs and 132,000 members throughout Canada and United States during the coming year.

Ben Dean, of Grand Rapids, Mich., a Kiwanian for 16 years, was elected president of Kiwanis International at its 1944 wartime convention in Chicago. His selection was hailed by leaders in all walks of life for he speaks a language calling for a stable world economy after the war.

Salt Spring Island

At a gathering of the First I.O.D.E. Company Girl Guides, Salt Spring Island, the prizes given by Ganges Chapter, I.O.D.E., for the best essay on natural history were judged by Mesdames Dallas Perry, C. E. Baker and H. Lees. The prizes were presented by the captain, Mrs. A. Rogers.

Seven Guides, Teresa Rogers, Irene and Jean Laundry, Maxine Nelson, Judy Fanning, Ruth Price and Rosemary Loosmore, were presented with "child's nurse" badges. The Guides and their captain have gone to camp at Shawnigan Lake.

W. H. Muncy Heads Metropolitan Choir

W. H. Muncy was elected president of Metropolitan Church choir at the annual meeting and closing practice held at the home of Frank Tupman, choir conductor, and Mrs. Tupman, Heath Drive.

Annual reports were read and other officers elected were: Vice-president, Miss Gladys Beall; secretary, Miss Jean Glendinning; treasurer, Mrs. T. H. Johns; social committee, Mrs. H. C. Steele and Mrs. Jack Collins.

Following the meeting, Mr. Tupman entertained the choir with motion pictures on reformation. Later, the hostess served refreshments, assisted by Miss Myrtle Tupman and members of the choir.

YOU DO
MAKE SUCH
GOOD
BREAD!

Fleischmann's
fresh Yeast
does it!

4 GENERATIONS of Canadian homemakers give credit to Fleischmann's fresh Yeast for smooth, fine textured just-right-tasting bread. Use it—if you bake at home. You'll be pleased, too. Bread is the cheapest high-energy food you can put on your table. It's a good stretcher, too, used with scarcer foods. And low in cost. Ask your grocer for Fleischmann's fresh Yeast—with the familiar yellow label—today!

SUPPLEMENT YOUR DIET by eating 2 cakes of FLEISCHMANN'S fresh Yeast every day. This fresh Yeast is an excellent natural source of the important B Complex Vitamins.

HOT SOUP'S the way to start a cold meal....

COLD MEALS are what folks like these summer days—but most everybody likes *hot soup* to start with. And the soup that folks are serving more and more is Campbell's Chicken Noodle.

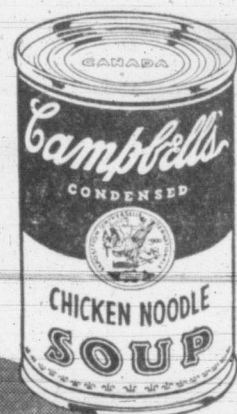

No need to ask a man how he likes it. At the very first spoonful a big grin will spread across his face. "Um-m good. Grandest Chicken Noodle Soup I ever tasted!" he'll say.

For this soup is made from plump chickens, slowly simmered to get the kind of good, rich broth you used to get with chicken noodle soup in the good old days. There is deliciously tender chicken meat, and lots and lots of tasty egg noodles too.

It's the kind of satisfying soup men really go for... a good, wholesome, nourishing soup for all the family.

Remember, it's not just noodle soup—but *Chicken Noodle Soup*. Look for the Red-and-White Label.
